Traffic Fatality—

Tiny Caren Dies; Inquest Possible

New Lincoln Record Missed

A decision will be made Thursday whether to hold a formal inquest in the traffic death of three-year-old Caren Raney who died Wednesday after hovering near death since Monday.

The child struck by an automobile near her home, had been unconscious and in critical condition at Bryan Memorial Hospital since then.

Her death was the first in Lincoln for 244 days, five days short of the all-time record of 249 days set in 1953.

Dale Fahrenbruch, deputy county attorney, said Wednesday preliminary investigations would be held Thursday by the Lancaster County attorney's office to determine whether to hold a formal inquest.

The girl, who suffered head and body injuries, was struck when she stepped off a curb. The car was driven by Lowell K. Johnson, 43, of 6701 Adams.

Johnson told investigating officers he swerved to the left and applied his brakes trying to avoid hitting the child.

Caren is the daughter of Sgt. and Mrs. Herbert Farnham of 5503 Benton. The Farnhams have a 10-month-old daughter, Gloria Farnham.

Caren's death brought the number of traffic fatalities in the state for the year to 185. There were 205 at the same time in 1954.

Surviving the child besides her parents and half-sister are her grandmother, Mrs. Louise Stern of Southgate, Calif., and grandparents, Mr. and Mrs. Herbert Farnham of Plymouth, Calif.

Man, Two Sons Slain; Wife Held

NORFOLK, Va. (AP) — A supermarket operator and his two sons were shot to death during the predawn hours near here Wednesday.

Norfolk County police said the man's wife, 35-year-old Jessie Eunice Simmons, had been charged with the slayings. Nathaniel Simmons, 40, and his sons, Charles Tullie, 15, and Tommie Nathaniel, 10, were shot with a .38-caliber pistol.

Apparently the victims died instantly. The bodies of the husband and oldest son were discovered in their blood-soaked beds. The youngest son was found sprawled on the kitchen floor in a pool of blood.

Police said they had been unable to find a motive for the slayings. When police arrived at the Simmons home, Mrs. Simmons, dressed in a flowered housecoat, was standing in the driveway.

They quoted her as saying: "The last thing I remember was putting on a blue nightgown about 9 o'clock and going to bed. The next thing I knew I was standing in the kitchen with the pistol in my hand. I know I must have done it. I was the only one about."

Wayne Man Asks How To Form Right-Wing Party

An inquiry about the procedure for forming a third, right-wing political party has been received by the Secretary of State's office in Lincoln.

Adam McPherran of Wayne wrote a letter to the Secretary of State in which he said he thought such men as Gov. J. Bracken Lee of Utah, Gen. Douglas MacArthur, Sens. Joseph R. McCarthy (R-Wis.), William Jenner (R-Ind.), William Knowland (R-Calif.), James O. Eastland (D-Miss.), would be good candidates for a third party.

The reply to the letter stated that according to Nebraska law, a convention must be held, with 10 days advance notice. At least 750 qualified voters at the convention must sign a pledge to support the candidates of the proposed party, and must sign the party's declaration of principles.

Balanced Budget Is Hinted

\$2 Billion Debt Forecast Gets Revision

WASHINGTON (AP)—Government officials are revising downward sharply their forecast of a \$2,400,000,000 deficit for the current fiscal year. New estimates are to be made Friday.

Informed quarters said Wednesday they would not be surprised, in fact, if Secretary of the Treasury Humphrey suggests there is a possibility the deficit can be eliminated entirely.

That would mean balancing the budget by next June 30, just when the presidential campaign of 1956 is heating up.

In January, when President Eisenhower gave Congress his estimates for fiscal 1956 — the book-keeping year which began July 1 — he forecast a deficit of \$2,400,000,000.

Informed sources expressed confidence Wednesday that this would be pared in Friday's summer budget revision to no more than two billion dollars, perhaps to a lower figure.

These same sources forecast last March that the actual deficit for the 1955 year, ending last June 30, would be perhaps 400 million dollars under the official estimate of 4½ billion. As it developed, it was 308 million below the estimate.

The big business upsurge in the first six months of this year was chiefly responsible. Government receipts, stimulated by rising incomes and business prosperity, ran \$1,300,000,000 above earlier estimates. This more than compensated for the fact that government spending during the year ran one billion dollars higher than forecast, chiefly due to spending for farm price support.

To Be Too Hot Again Thursday

It was to be too hot again in Nebraska Thursday.

Highs Wednesday were in the high 90s and the 100s. The Lincoln airport had the state high reading of 104, and 101 was reported at North Platte, Imperial and Norfolk. Downtown Lincoln and Grand Island recorded 100 degrees.

Lincoln Air Base, Burwell and Mineral Springs, Tex., tied Wednesday for the hottest temperature in the nation. All had 104.

Thursday highs were to be 95 to 100. Thunderstorms were forecast for the west Thursday afternoon.

\$1.4 Million For Greater Water Supply Is Urged

... Erickson Boosts Plan

By BILL DOBLER
Star Staff Writer

A \$1,443,789, 18-month program to give the city another five million gallons of water per day to boost the total to 51.5 million, was recommended at the joint meeting Wednesday of the Water Advisory Board and city officials by Public Works Director D. L. Erickson.

The board and city officials have generally agreed on the need for an expanded water improvement program with only the extent of improvements to be made still in doubt.

Erickson's financing plan called for the issuance of another \$1 million in water revenue bonds plus the use of \$443,789 out of water department earnings.

Might Still Be Short

However, fears that this program might still be inadequate were expressed by Councilman Pat Ash and Advisory Board members Ernie Smith and Byron Dunn.

At the request of Smith and Dunn, Erickson is to develop estimates of cost for pushing the expansion program even beyond an additional 5 million gallons per day and to an eventual total capacity of 70 million gallons. The current supply is limited to 46 million gallons per day.

The peak demand day was July 27 of this year when usage was 49.72 million gallons. There was a period of eight consecutive days in July when demand averaged 47.83 million gallons per day.

The city would look pretty silly, said Smith, if it spent only \$1 mil-

lion now and then ran short of water.

Smith noted that the voters authorized the city to spend \$8.5 million in bonds while only \$6 million have been sold.

Dunn questioned the accuracy of a table presented by Erickson which showed a peak expected demand of 52.2 million gallons per day in 1956 and 54.7 million gallons per day in 1957.

Erickson then cautioned that the table represented only a guess based on past usage. Such things as population growth and per capita water usage, he said, are next to impossible to predict.

A more conservative approach was urged by Advisory Board member William Aitken. The voters authority was for the city to go up to \$8.5 million in bonds if needed, he said, not simply to go out and spend \$8.5 million.

The \$8.5 million is a break, he said, not a push.

"Personally," Aitken said, "I don't think reasonable rationing is a fatal thing."

According to Aitken, it could become almost financially impossible to build a plant for peak period demands. This could give the city such an overhead that it could only be met for very short periods during the summer, he said.

Aitken agreed, however, that study should be given to the maximum expansion program but that funds should be spent only as needs arise.

Erickson's recommended program called for spending \$465,789 over the next 18 months to meet present commitments, \$795,000 on expansion of the filter plant at Ashland and \$183,000 on expansion of the Ashland aeration facilities.

The city now has a pumping capacity of 41.5 million gallons per day at Ashland. Erickson's plan would boost the treatment and filtration plant to the same capacity.

Thus, the city would have under his plan 41.5 million gallons per day from Ashland plus 10 million gallons a day from Lincoln wells.

The new estimates Erickson will submit later will give the cost of boosting the filtration, well and pump capacity at Ashland all the way to 60 million gallons per day. This 60 million gallons is the maximum daily capacity of the Ashland to Lincoln transmission system.

Erickson's report showed that another \$1 million in bonds could be issued and financed, with adequate debt service coverage, through existing water rates.

No Extra Session—

Ike OKs Sweeping Aid Plan

Congress Agrees On Action For Flood Area

By The Associated Press

President Eisenhower and congressional leaders acted in concert Wednesday to speed massive federal aid—amounting to possibly more than 100 million dollars—to the flood stricken Northeastern states.

In addition, the Agriculture Department designated all of New Jersey and Connecticut, plus 29 counties in Maryland, New York, Massachusetts and Pennsylvania, as emergency areas. That makes them eligible for emergency federal loans for rebuilding ravaged farms.

The Red Cross upped its flood disaster appeal goal from five to eight million dollars. In Philadelphia for a speech, the President again urged generous donations to the Red Cross.

And in the tropical Atlantic, there boiled and swirled a new hurricane named Edith.

It was small and far away, but out where hurricane Diane started and later became the source of the terrible rains that caused streams and rivers to jump their banks all along the eastern seaboard.

The Red Cross said at least 702 homes were demolished by the floods last week, and more than 14,000 heavily damaged. More than 10,000 families were homeless.

President Eisenhower approved a sweeping federal aid plan, worked out with congressional leaders of both parties. They dispensed with the need for a special session of congress.

The Army Engineers alone had up to 100 million dollars available to help clean up the debris, rebuild bridges, and restore ruined water systems.

Other agencies were set up to use their funds as needed.

The secretary of agriculture also notified governors in the six worst-hit states that government-owned food surpluses are available for distribution free of charge. More will be brought in if necessary.

Numerous other government agencies, concerned with business, housing, health and so on, operated at top speed to work out rehabilitation plans.

In Pennsylvania, where there was the worst death toll of all, children who had been cut off from their parents for nearly a week in the Pocono Summer Camp and resort area were reunited with them Wednesday.

This was Pennsylvania's "Operation Kidlit," a program for evacuating some 10,000 children from the beleaguered summer camps.

Other parents were not so lucky. Pathetic figures, they walked about the Stroudsburg area and other ravaged towns as if in a state of shock, looking in vain for their loved ones.

It still was impossible to say how many died in the raging waters. The official death toll went down from 180 to 176, but Pennsylvania and Connecticut still had great numbers missing and unaccounted for.

—LIST GROWING—

Pen Grand Jury Petition Ready Soon

SIGNATURES TO GET A THOROUGH CHECK

Petitions for the first Lancaster County grand jury since 1922 will "probably be filed Friday" with the District Court.

The petitions for a jury to look into last week's Penitentiary rioting and fires are being circulated by 12 to 15 Lincoln "volunteers." Mrs. Frank B. Morrison, president of the Nebraska Grand Jury Association, said in making the announcement that in all probability

ESTIMATE ON PEN DELAYED

Board of Control figures awaited as Pen and Reformatory get back to normal. See Page 2.

the required number of signatures would be obtained by Wednesday night, and the "lists of signers would be thoroughly checked Thursday."

Most of the volunteers must circulate the petitions "after work," Mrs. Morrison said. "Numerous callers wishing to sign have been advised how to contact the volunteer in their vicinity."

A check Wednesday showed that three workers had obtained "well over 100 signatures" on their petitions, Mrs. Morrison said.

One reliable source indicated some 500 signatures had been gathered.

Mrs. Morrison said the Association is not circulating the petitions, but that a Lincoln man, who asked to remain unidentified, is organizing the circulation.

Petition Says "Whereas recent happenings at the State Penitentiary suggest the necessity of calling a grand jury in Lancaster County, Nebraska, we the undersigned, qualified electors of the County of Lancaster, Nebraska, do hereby petition the District Court of said county to forthwith call and summon a grand jury in the manner provided by law."

By law, the number of qualified signatures must equal two per cent of the vote for governor in the county in the last general election. This figure is 726 for Lancaster County.

Lancaster County's last grand jury, called in January, 1922, investigated corporate stock transactions of a Lincoln firm and returned three indictments on Feb. 4.

Gov. Anderson declared Wednesday that "there is nothing to hide" and that he would be perfectly satisfied with an investigation.

Sabre Exceeds 800 M.P.H. Pace

First Official Faster-Than-Sound Dash By Plane Is Recorded

WASHINGTON (AP) — The National Aeronautic Assn. confirmed Wednesday that an Air Force jet fighter has set the world's first official speed record for an airplane flying faster than sound.

Col. Horace A. Hanes, director of flight test at Edwards Air Force Base, Calif., flew a North American F100C Super Sabre at a speed of more than 800 miles an hour over Southern California last Saturday.

Many jet planes have exceeded the speed of sound, and rocket craft have flown at more than twice the speed of sound. But here-

mark was just under the speed of sound.

At Around 35,000 Feet

Sonic speed varies from 760 miles an hour at sea level to 663 miles an hour at 35,000 feet and above. The record-breaking flight reportedly was made at around 35,000 feet.

Charles Logsdon, chief timer for the flight itself, and was reluctant even to discuss the arrangements that had been made. The Air Force had hoped to make a surprise announcement of the feat at the Philadelphia show.

Logsdon declined to comment on the flight itself, and was reluctant even to discuss the arrangements that had been made. The Air Force had hoped to make a surprise announcement of the feat at the Philadelphia show.

(Air Force Photo—AP)
COL. HORACE A. HANES
... world's official "first"

before there has been no way of timing the flights accurately.

Special Cameras

Specially designed cameras and clocking equipment used for the first time recorded Hanes' flight.

The exact speed reached, the altitude and other facts will be announced by the Air Force at the National Aircraft Show in Philadelphia Sept. 5.

Hanes is scheduled to receive the Thompson Trophy, one of several awards presented annually at that show, for a new record for 15 to 25 kilometers—about 37 to 62 miles—over a straight course.

The present speed record is 755 miles an hour, set by Lt. Col. F.K. (Pete) Everest in a YF100A over the same Southern California desert course in October, 1953. This

WE, Union OK Contract

The Lincoln shop of the Western Electric Co. and Local 7460 of the Communications Workers of America (CIO) reached a contract agreement Wednesday.

The wage settlement provided increases of from seven to 12 cents an hour.

John Grey, president of the local, and Grey R. Jewett, assistant superintendent in charge of industrial relations and production for the company, announced the agreement came after a vote of ratification at three afternoon and evening union meetings.

The agreement covers working conditions and wages of the 876 production and maintenance workers at Lincoln shops of the company.

The contract became effective Monday and will continue for one year. It was a regular negotiation and affected all Lincoln WE employees, except office workers and supervisors.

'CALM' DAD SAVES BABY FROM WATER

... Floating Face Down

Quick action by her parents saved a 22-month-old Lincoln girl from drowning in the family's backyard swimming pool Wednesday.

"If her daddy hadn't been there, we would have lost our baby daughter," said Mrs. L. J. Austin of 3910 Worthington. "I was too upset to know what to do."

The mother said the tot, Leslie, was in the backyard. The gate between the yard and the family's swimming pool was not closed as usual, and the little girl walked through.

Mrs. Austin, making another periodic check to see if Leslie was all right, looked out once and saw Leslie floating in the pool.

"I rushed out. I was hysterical," she said. Mrs. Austin called her husband, who "is a very calm person." He gave the child artificial respiration.

Asked where her husband learned to apply artificial respiration, Mrs. Austin said she supposed it was in the Army.

By the time firemen arrived with a resuscitator, the child was crying, and was said to be all right when checked by the family doctor. Firemen used oxygen for safe measure.

"Every parent should learn first aid," she stated. "I'm going to."

Mrs. Austin said Leslie was back to normal in a short while, "in much better shape than I am."

Pen Loss Figures Are Held By Board

Reformatory, Pen 'Normal'

Inventory reports of the damage in last week's fire and riot at the Nebraska State Penitentiary have been received, but the Board of Control hasn't had time to evaluate them, Chairman Thomas Dredla said Wednesday.

Damage was extensive when rioting convicts set fire to three buildings, destroying them and their contents — mainly expensive factory equipment. Building loss estimates of "between \$75,000 and \$100,000" had earlier been placed by Gov. Victor Anderson.

Dredla said the board received the reports Tuesday. He reported losses at Monday night's fracas at the Men's Reformatory was "minor."

Meanwhile, both the Penitentiary and the Reformatory remained quiet Wednesday, and Prison Warden Joseph Bovey, in the second of his daily news bulletins, said there was "no unusual events occurring during the past 24 hours."

He said "We're all busy" and that work details were going ahead. At the Reformatory, Supt. George Morris reported that all the inmates previously held in the institution's jail had been released. Near 100 of them had been cramped, naked, into the jail during the melee earlier in the week.

New Wage Scales
Inmates, he said, had offered to pay for any damage they caused, estimated by Morris at about \$100.

Dredla said the Board of Control was not in Lincoln Wednesday. He added the Board is now setting wage scales for employees and that if it proves necessary some changes may be made to attract "good young men" for institution work.

Before leaving on its trip, the Board gave out a prepared formal news release telling of the minor damage during the disturbance at the Reformatory, which was promptly controlled by Morris and his guards.

The Board backed up a statement made Tuesday by Gov. Victor Anderson saying that there was no comparison between the inmates at the Reformatory and those at the state Prison. Reformatory inmates, the statement said, are generally from 15 to 25 years of age.

Transfer of incorrigible inmates from the Reformatory to the Prison, he said, "is as it should be."

The statement inferred criticism of Supt. George Morris because he had not notified board members of his trouble. General policy of the board is that institution heads handle their own problems and make a final report.

The statement said the Reformatory inmates were "decoupled" in their cells and easy to handle. At the Penitentiary it has been reported guards were withdrawn when a disturbance started in the diningroom.

Another Guilt Plea
Another Nebraska Penitentiary inmate pleaded guilty Wednesday in Lancaster District Court to second-degree arson charges.

The inmate, Kent L. Stricker, 21, from Lexington, in his plea admitted causing to be burned a shop building at the Prison on Aug. 16.

Deputy County Attorney Dale Fahrbruch said a confession of the inmate's part in the firing of the buildings was obtained by Sgt. Robert Nichols of the State Safety Patrol.

Stricker was the third inmate to plead guilty to arson charges. Fourteen other inmates awaited preliminary hearing in County Court after denying guilt of second-degree arson. One has pleaded guilty to assault with intent to kill.

Stricker, serving a three-year term for auto theft, from Kimball County, previously served two Oklahoma terms for auto theft and burglary.

Plank Presented

Commander F. H. Holt, USNR, commanding officer of the Naval Air Station, presents Lt. Cmdr. John W. Glock, USNR, with a plank symbolic of Glock's standing as a plank holder (a person attached to a unit or station at its original commissioning). Glock was with the Naval Reserve in Lincoln when it was commissioned in December, 1948.

—Hoover Commission Target— Congressmen To Tour Lincoln VA Hospital

The Lincoln Veterans Hospital, recently tagged unnecessary by the Hoover Commission on Reorganization of the Government, is to be toured by a House subcommittee, Dr. J. Melvin Boykin, director of the hospital said.

A subcommittee on hospitals of the U.S. House of Representatives Veterans' Affairs Committee is to visit the hospital in late October.

Dr. Boykin said he did not know the number of congressmen who would tour or the reason for the trip.

The committee is expected to investigate the number of non-service-connected hospitalizations cases, the effectiveness of the admission questionnaire procedures of admission eligibility, and whether alterations or repairs are needed.

Also taken up will be the question of number of vacant beds and the need for these beds as well as the cost of reactivating them.

The Lincoln Veterans Hospital has been considered as a possible source of hospital beds for the Lincoln Air Force Base. Plans have been advanced for the Air Force to take over the hospital, or for the VA to allow the AF to use 75 to 100 beds.

VA administrator H. V. Higley has told Nebraska members of Congress they would be advised before the VA would take action of the hospital during adjournment of Congress, it was understood.

Members of the House standing committee on Veterans Affairs are: Olin E. Teague (D-Tex.), W. J. Bryan Dorn (D-Sc.), Elizabeth Kee (D-W Va.), George S. Long (D-La.), James A. Byrne (D-Pa.), Ed Edmondson (D-Okla.), Frank W. Boykin (D-Okla.), Wayne N. Aspinall (D-Colo.), Leo W. O'Brien (D-N.Y.), George A. Shuford (D-NC), George H. Christopher (D-Mo.), Charles C. Diggs Jr. (D-Mich.), B. F. Sisk (D-Calif.), Edith Nourse Rogers (R-Mass.), Bernard W. (Pat) Kearney (R-N.Y.), William H. Ayres (R-O.), E. Ross Adair (R-Ind.), Paul A. Fino (R-N.Y.), Phil Weaver (R-Neb.), William H. Avery (R-Kan.), E. Keith Thomson (R-Wyo.), Eugene Siler (R-Ky.) and Charles M. Teague (R-Calif.).

**2-Year-Old Loses
Teeth In Crash**
Two-year-old Dee Anna Smith lost three front teeth in an alley intersection car-truck crash between 27th and 28th and Vine-Pear late Wednesday afternoon.

Dee Anna was a passenger in a car driven by her mother, Mrs. Rachael F. Smith, 36, of 829 No. 32nd, which was in collision with a truck driven by Richard E. Busch, 24, of 6332 Huntington.

Busch was going south on the north-south alley in the block and Mrs. Smith was proceeding east on the east-west alley in the same block when they collided.

Dee Anna did not require hospitalization.

**Alvin Ewing, 86,
Dies In Hospital**
Alvin Ewing, 86, of 4838 Garfield, died Wednesday night in a local hospital.

Base Bullet Spree Kills 3, Hurts 9

Mad Yank Dies On A Beach In Britain

MANSTON, England (AP) — A crazed 21-year-old American airman killed three other airmen Wednesday and wounded nine persons. Then he died in a blaze of bullets after a gun fight with police on a channel beach.

The killer was identified as Napoleon Green of 13227 Langley St., a Chicago Negro. He had a brief police record in Chicago for larceny. Officials said Green was to have gone before a court-martial Wednesday morning to face a money stealing charge.

Two servicemen and a Royal Air Force airman were killed.

Tried to Disarm Him
Three other American airmen and two British girl secretaries were among the wounded.

M. Sgt. Lawrence Velasquez, 34, of Antonio, Colo., and Airman 2. C. Nelson Gresham of Philadelphia were killed when they tried to disarm Green as he came out of the base arms store waving two guns.

Green then rushed through the camp firing wildly. A Royal Air Force corporal, Raymond Peter Grayer, fell dead from a bicycle shot through the back.

Critical Wound
Airman IC. Lester Hunt, 21, of Rantoul, Ill., was critically wounded.

More bullets sprayed through an automobile, wounding Ian Yeoman and Miss Anne Cockburn, British employees of the American Express Co.

Green then commandeered a near-by car and drove to Broadstairs Pleasure Pier. Minutes later U.S. Air Force police swept on the beach, warning holidaymakers to take cover.

Green ducked behind a rock. Suddenly he fired a burst at the men surrounding him. A barrage of shots sped back and Green fell, mortally wounded.

Authorities later issued a list of wounded victims, adding the names of Aubrey Easto, Peter Hewitt and a Mr. Kemp, all British civilians working at the base.

Beauty Contest Got 'False' Start, Judges Shocked

ANN ARBOR, Mich. (AP) — Beauty contest judges were shocked Wednesday at reports that their contest at nearby Whitmore Lake last weekend got off to a false start.

One of the contestants claimed that 12 of the 20 bathing beauties had worn falsies. She insisted somewhat scornfully that she was not one of them.

She declined use of her name and did not say if her charges included the contest winner, 17-year-old Pat Brown of Ypsilanti. Miss Brown was not available for comment.

Richard W. Ryan, an attorney who served as a judge, said, "I didn't... I suppose I should... They... Great guns!"

He recovered his voice later to point out, "This should be avoided next year."

But fellow judge, Police Detective Sgt. Claude Damron, asked quietly, "How?"

IKE WARNS RUSSIA:

U.S. Never Will Ignore Wrongs To Buy Peace ... Solid No-Appeasement Stand

By DOUGLAS B. CORNELL

PHILADELPHIA (AP)—From historic Independence Hall, President Eisenhower warned Russia Wednesday that America never will buy peace at a price of accepting Soviet "violations of the rights of men."

Eisenhower took a solid no-appeasement stand against what he called the "wrongs" of a divided Germany, the domination of captive satellites, and "subversion organized on a worldwide scale."

Can Achieve Peace.
America, he said, is on a "crusade" for a just and secure peace to fulfill "a deep-seated hunger of mankind." And he said, "I think we can" achieve it.

But to let an eagerness to avoid war lead to "a false peace," the President said, would perpetuate injustices and wrongs of the present and "assure future conflict."

He said a combination of suspicions and fear probably explains, but cannot excuse, Russia's position on Germany, satellite coun-

tries and international subversion. "In justice to others," the chief executive declared, "we can never accept those wrongs as a part of the peace that we desire and seek."

The President spoke at a ceremony sponsored by the American Bar Assn., and a federal commission commemorating the 200th anniversary of the birth of John Marshall, the fourth chief justice of the United States.

Eisenhower headed back for the capital after his address to wrestle with the flood disaster.

Police Commissioner Thomas Gibbons estimated that 100,000 persons turned out to see the President.

24 Lancaster School Districts Dissolved, 4 Merged In '54-'55

By VIRGIL FALLOON
Star Staff Writer

Twenty-four Lancaster County school districts were dissolved during 1954-55 and formed four new districts or merged with existing districts.

Lancaster County now has 82 districts as compared with 128 in 1947 — a net reduction of 46 districts.

County Superintendent Glenn Turner noted the "progressive reduction" in the number of districts has been "voluntary on the part of the district voters."

Over the eight-year period the number of high school districts has been reduced from 17 to the present 11.

Turner also noted that 10 districts are contracting for instruction this year as compared with 35 in 1947.

Two More Years
Under state school laws, these 10 districts may contract for two more school years before they must dissolve.

Districts dissolved were 14, 92, 33, 93, 134, 18, 140, 133, 146, 10, 24, 27, 44, 132, 28, 119, 20, 22-C, 22-M, 147, 85, 77, 123 and 45.

There was one reverse situation. District 154 was dissolved to reform 37 and 112. The latter two had dissolved the previous year to form 154.

New districts formed were: District 155: from 27, 132, 44, 28, 119 and 20. District 147: from 147, 22-M, 22-C, 77 and 85. (The new district was allowed to retain the numerical designation of 147.) District 159: from 45 and 123. District 157: from 140, 133, 146 and 10.

During the year, District 18 was dissolved and portions added to Districts 1, 118 and 5 by the county superintendent. The district's valuation had reached the lower 12 per cent bracket in the county and dissolution was possible under 1955 legislation.

Last year's enrollment in Lancaster County schools was 19,939, an increase of 6,487 from the 1947-48 school year. Major portion of the increase has been in Lincoln schools.

Won't Use Plan
WASHINGTON (INS) — The Pentagon said it will not make use at this time of a provision in the new reserve law under which some men could be freed from active duty after only one year. The provision was an optional one. It would have allowed men in uniform before the law was enacted to be discharged from active service after one year if they enlisted in the ready reserves.

Brownell Is Accused Of Helping Promote Monopoly

Charge Made By Economist

WASHINGTON (AP) — Economist Walter Adams Wednesday accused government officials of helping business monopolies they are supposed to fight.

The Michigan State University professor aimed the accusation at Atty. Gen. Brownell, Postmaster Glen Summerfield and the Civil Aeronautics Board.

Adams told the Senate Antitrust and Monopoly subcommittee he is writing a book to document his contentions that "government today is, in many instances, a promoter of monopoly." He said "short sighted or corrupt exercise of government power" helps monopolies to grow.

He charged that Brownell "pulled a blooper" in a deal for the sale of the government's butyl rubber producing plants to the Standard Oil Co. of New Jersey. He said this gives Standard control of all of the nation's butyl production, and that "it was doubletalk" when Brownell certified the sale would "serve to promote competition."

Commission Member

Adams was a member of the attorney general's commission which Brownell appointed in August, 1953, to conduct a study of antitrust laws.

Adams asserted that Summerfield, in truly monopolistic fashion, has refused to award air mail contracts to nonscheduled airlines although, he said, some of them had submitted bids lower than scheduled airlines which got the awards.

He described it as part of a pattern of favoritism toward the scheduled airlines.

Lashing at CAB, Adams said, "Congress just sits idly by while this most monopoly minded agency in Washington strangles competition that might encroach on the business of these lines."

The professor accused CAB of abusing its authority by pronouncing "a death sentence" on North American Airlines when the agency proposed recently to revoke NAA's operating authority.

Visit To Be Returned

GASPING FISH FIGHT FOR OXYGEN

These churning, thrashing fish in Lincoln's Oak Lake struggle desperately for the fresh water pouring through an inlet. The heat and lack of algae have left the water very low on oxygen. (Star Photo.)

Battle On To Save Air-Starved Oak Lake Fish

By BURT MANN
Star Staff Writer

Officials of the Lincoln Park Board and The Nebraska State Game Commission were struggling Wednesday to save hundreds of fish in West Lake at Oak Creek Park.

Oxygen depletion caused by the hot weather and decomposition of green algae in the lake sent the fish — mostly carp — floundering to the west end inlet of the lake.

Lincoln Park superintendent James Ager said that portable pumps were being placed around the lake shore in order to pump the water out and let it run back into the lake in an attempt to aer-

ate the water and save the fish.

Water is also being continuously pumped into the lake.

Fish that had already died were being taken from the lake and hauled away.

Emergency seining crews were on hand to take the rest of the fish from the lake if the aeration methods failed. If it is necessary to remove the fish, they will probably be put in other lakes in the state.

According to Ager, this is the first time in four years the problem has arisen, but said it has happened four or five times.

Paul Gilbert, secretary of the State Game Commission, said similar situations were rather common in fish management.

West Lake is, at the present, closed to fishing and will remain closed until the current problem is solved.

NU's Dean Lambert To Appear On TV

Dean W. V. Lambert of the University of Nebraska, leader of a party of American agricultural experts just returned from a tour of Russia, will appear on television Sunday afternoon.

He will be interviewed on the NBC TV program "Meet the Press" (channel 6) at 4 p.m.

Next week Dean Lambert will confer with Department of Agriculture and State Department officials in Washington.

He will return to Lincoln about Sept. 1.

Russia To Free 4 Danish POWs

COPENHAGEN (AP) — The Soviet Union has offered to release four Danes held as prisoners since World War II, the Foreign Ministry said Wednesday.

A spokesman said that the Soviet authorities informed the Danish minister to Moscow that the four would be released at the end of August.

The newspaper Information reported in an Oslo dispatch that the Russians also have offered to release a number of Norwegians held as war criminals in the Soviet Union since the war.

Echoes From Iowa

Nebraska's good neighbor to the east, Iowa, has dispatched a group of Republicans to Washington to talk over with key administration officials the possibility of an Iowa farm rebellion in 1956. At the bottom of it, the Iowans reported in Washington, is dissatisfaction over the handling of the farm surplus, coupled with prevailing prices for agricultural commodities.

Ordinarily Iowa gives a Republican administration little concern. In political leanings, its people are safely, generally staunchly Republican. In these late summer days when so much of the Midwest has experienced the steaming heat together with an absence of moisture and the loss of crops, Iowans, reports indicate, stand to harvest a fairly good corn crop. It will not be up to the standard of some years but Iowans have been fortunate enough that their corn fields are far from failures.

In On The Act

State Sen. George Syas of Omaha is again singing his favorite tune. He points to recent prison disturbances to prove his case that the present state board-of-control system to administer the affairs of the state's institutions is obsolete, outmoded, and inadequate.

Maybe. But if the present Board of Control is lacking, then the criticism must be directed against its membership and not against the system itself. The Board of Control was created solely for one purpose. It was to eliminate partisan politics in the staffing of institutions operated by the state. Its members include representatives of both major parties. We are not too overly impressed with the present membership of the Board of Control. It may be unfair to its chairman, Tom Dredla, but Mr. Dredla is not too aggressive in getting himself around his duties. More than that, his experience

The incident is of some significance because in other regions of the Midwest, areas which have been much harder hit by drought than Iowa, there has not been any evidence that Agriculture Secretary Benson is in for a bad time. Here in Nebraska and in sections of Kansas where corn prospects have been reduced drastically or today are computed in terms of total failure, the farm family has given no evidence of dissatisfaction with prevailing farm policy. But for months now, price levels of farm commodities have been dropping. On top of this in spots in the food belt, crops are short as a result of unfavorable climatic conditions. Chances are that what is happening in Iowa is only a forerunner of dissatisfaction in other predominantly agricultural states.

in institutional matters has been limited at the best. The woman chosen for membership on the board by former Gov. Crosby certainly is well intentioned but Nebraskans might hope for a stronger member on the board. And its third member, a man of broad experience and seemingly superior qualifications, has hardly had time to get his teeth into his duties.

Some of the members of the Legislature of which Sen. Syas is a member on the basis of the record were not too helpful in these recurring prison troubles. They set up a howl about the use of "The Hole" and they seemed to want to stick their fingers into matters out at the prison. After all, it is the duty and the responsibility of the Legislature to which Mr. Syas belongs to confirm appointments to the Board of Control. Then and there, it would seem, is the time to get off criticism of the board and its members.

Let's Try Common Sense

It appears that the city intends to let no grass grow under its feet in adopting as much of the recent police department report as possible.

Of Men And Things

By J. E. LAWRENCE
When S. Raat Husain, consul general of Pakistan with headquarters in San Francisco, and in Lincoln briefly Tuesday on a mission of good will, returned to his hotel, he was ready for some rest. It had been a busy day, on the go to visit various points of interest and to talk with widely assorted groups of people. To many it may seem to be the life of Riley, traveling from point to point, taking in the sights, particularly if you come from a faraway country and are having a look-see at new lands. But it is also hard work.

Pakistan is one of the more appealing regions in another older, more crowded area of the world. In its new-found freedom, figuratively, its people have their eyes fixed upon the stars which have looked down upon this earth and its peoples for so many centuries. In East Pakistan the rainfall measures up to 150 inches a year, largely confined to a four-month rainy season when the skies open up. West Pakistan must content itself with an annual rainfall of but 15 inches. But east or west, generation after generation of the 80 millions who make up the population of Pakistan have had to content themselves with the primitive form of agriculture which until recently has found the land held in relatively few hands and in all instances lacking modern machinery. Unlike so many millions of the Asiatic peoples, the land reform program which has sought a wider distribution of good earth avoided appropriation by force and violence. Owners were paid for their holdings by Pakistan's government, hard-pressed and impoverished as it has been. Now, that brighter spot in a seething continent has two objectives. It has made notable progress against the illiteracy of the masses. It has a long way yet to go. Only an estimated 30 per cent of the people conform to standards of literacy. Pakistan's second great objective is industrial development. And in that, starting from the bottom, there is hope for progress.

The Midwest, including Nebraska, has been fortunate in recent weeks in having as its guest visitors from the far corners of the earth. In a long-range sense, this opportunity to learn something about each other, and more particularly the privilege of coming in touch with the problems confronting people living thousands and thousands of miles away augurs for better days in terms of understanding. It is not only America's might which impresses our visitors. They see other qualities which project the American people in a much better light. Mr. Husain, for example, was amazed when he visited Nebraska's capitol. In his book, it was the second most impressive and most beautiful building in the world. And he could not quite overcome his curiosity as to how Nebraskans came to construct it.

In the heart of a continent seething with unrest and undergoing great change, Pakistan remains a staunch bulwark against the spread of Communism in Asia. Out of its 80 millions of peoples, only an insignificant handful have accepted Communism, so few that their influence is of no concern to the Pakistan government. There is the religious foundation among the masses to minimize natural pressures from the outside and within. One gets the impression from this good will representative that Pakistan has its feet firmly anchored on the ground, is awakening to the opportunities of creating for its millions higher standards of living, and is moving ahead in the image of democratic ideals. There is now a special commission from Pakistan in this country engaged in giving study to the American Constitution to the end that Pakistan itself may use the United States Constitution as a model for the future.

It is somewhat reassuring to experience the warmth of friendship revealed by this guest and visitor. There is in it reassurance that America is not doing too badly in its relations with other peoples in the world.

Bulwark Against Communism

DREW PEARSON

Sugar Bill Sweetest To Southern Senator

WASHINGTON — On Aug. 17, this column published an account of the manner in which Sen. Allen Ellender of Louisiana had endeavored to push a sugar bill through Congress revising import quotas on future sugar consumption.

The column stated that although the sugar quota bill had a full year to run, Sen. Ellender was vigorous in his demand that a new sugar bill be passed. Simultaneously he purchased from the South Downs Sugar Company four acres of choice land for \$2,500 an acre, a price at which others in the town of Houma could not buy. The sugar company was willing to sell to its friend, Sen. Ellender, but not to them. The sugar company's president was among those testifying before Sen. Ellender for his sugar bill.

New facts have now come to light which make it necessary to apologize to Sen. Ellender.

I have now learned that the Senator from Louisiana did some surprising things to push the sugar bill. First he threatened Congressman Harold Cooley, Democrat, of North Carolina, chairman of the House Agriculture Committee, that if he, Cooley, did not pass the sugar quota bill, then he, Ellender, would not pass the price support bill to increase parity.

In other words, Ellender was pushing a bill which helped one type of farmer, though it chiefly helped the cane and beet sugar companies. He wasn't interested in the Cooley bill which helped practically all farmers by giving them higher price supports.

On top of this, Sen. Ellender took two lobbyists for the beet and cane sugar industry into an executive secret session of the Senate Finance Committee which was considering the sugar bill. He did this on the last day of Congress when the fate of the sugar bill hung in the balance.

Executive sessions of a Senate committee are attended strictly by senators or their executive assistants. The public, the press, and representatives of private companies are barred.

What Ellender did was exactly the same thing, except that he took two lobbyists into the secret session instead of one. They were Robert Shields, of the American Sugar Beet Industry Policy Committee, and Josiah Ferris, of the American Sugar Cane League.

Representatives of the Cuban sugar industry, the Mexican and Peruvian sugar industry also wanted to appear before the Senate Finance Committee. They are good neighbors of the United States and have a great deal at stake when it comes to sugar. The life-blood of Cuba depends on sugar.

However, Sen. Ellender barred them and admitted only the two lobbyists for whom he introduced the bill.

Therefore, apologies are in order to Sen. Ellender for my serious underestimate of what he did for the cane and beet sugar lobbyists at a time when he was buying a choice bit of land at a low price from one of the cane sugar companies.

(Copyright by Bell Syndicate, Inc.)

ED FITZHUGH

For Child-Training, Stick To Your Own

No sir, it doesn't pay to help other people improve their children.

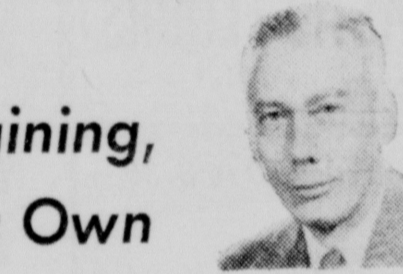

Take Bob Cowhey, now — you would thank that Bob would be overflowing with gratefulness after all I have done toward the improvement of young Bobbie. But does he show any appreciation? Not on your life! Instead he stares coldly when we meet, and barely speaks.

It is a shame, too, because young Bobbie at the age of five has a tremendous fund of natural talent, coupled with an ability to concentrate and learn, which is unusual in a five-year-old.

I noticed the talent almost immediately, when I ruffled Bobbie's hair in greeting and he swung a roundhouse right at me. It was the usual exchange between Bobbie and me, a sort of formula, but this time I was more than ever impressed with his muscular coordination. His technique was a little awkward, however.

"Lookit," I said, "never lead with your right. Get that left jab working, then follow through with the right."

He tried a left jab, but it started in the vicinity of his hip, thus losing a great deal of power. Also, the blow was delivered at the business end with a fist cocked over to one side.

"Hey, keep that fist straight with the wrist," I counseled, demonstrating by slapping my own fist into my palm. "That way you deliver the full strength of your wallop, and besides you don't take a chance on hurting your hand or spraining the wrist. C'mon, try it, now. Keep the knuckles hard, and hit with them, not with the side of your hand."

He was an amazingly apt pupil. Within two minutes he had the idea, which is more than you can say of some of the current crop of professionals after several years. His small fist came in like a knob pushed on the end of a war club.

It took him no more than three minutes to catch on, and then we practiced for a while on swinging his shoulder in behind the punch, to get the full weight of body and momentum into the delivery. I have never seen anyone learn so fast.

"Boy," I marveled, "I'll bet your daddy will be surprised tonight, when you show him what you've learned."

Perhaps it was the element of surprise which did not appeal to Bob, senior. He is having an awful time explaining around the office about his black eye.

Just the same, you'd think the man would show some gratitude.

(Chicago Sun-Times Syndicate)

DORIS FLEESON

Israel Version Of The Lincoln Story

JERUSALEM — U.S. politicians long found it profitable to be able to boast that they were "born in a log cabin." (Sen. Kerr of Oklahoma still does, finding it a useful offset to his oil millions.) The Israeli politician does not absolutely have to be able to boast that he lived for years in a Kibbutz but it helps.

Besides having a communal, collective background, it is probably better for the politically aspiring Israeli if he is from Poland or Russia.

The new prime minister, David Ben-Gurion, is of Polish descent; he succeeds Moshe Sharett, a Russian Jew. Menahem Beigin, whose extremist Herut party has just gained seats in the parliament, is Russian-born.

All are war veterans, another familiar U.S. pattern. Ben-Gurion commanded the Haganah (regular army), Beigin the terrorist Irgun. It is fair to add, as hysteria gives way to history, that Irgun had the tacit connivance of Haganah part of the time, according to impartial observers. They explain it as a kind of unconscious hypocrisy on the part of old-time socialists who simply could not bring themselves openly to espouse violence.

Israel's leadership then remains in the same hands substantially as during its early years and the time of war and crisis. Its base is the intellectuals who fled from the pogroms of Poland and Russia. They drew vigor from the land which they almost literally made with their hands and in turn what they did there helped to translate their ideas into the present nation. It is not a finished product yet but it is a nation.

When Ben-Gurion retired as premier in 1953 he returned to the

THE NEIGHBORS SAY

Some Beads Are Hardly Worth Picking Up

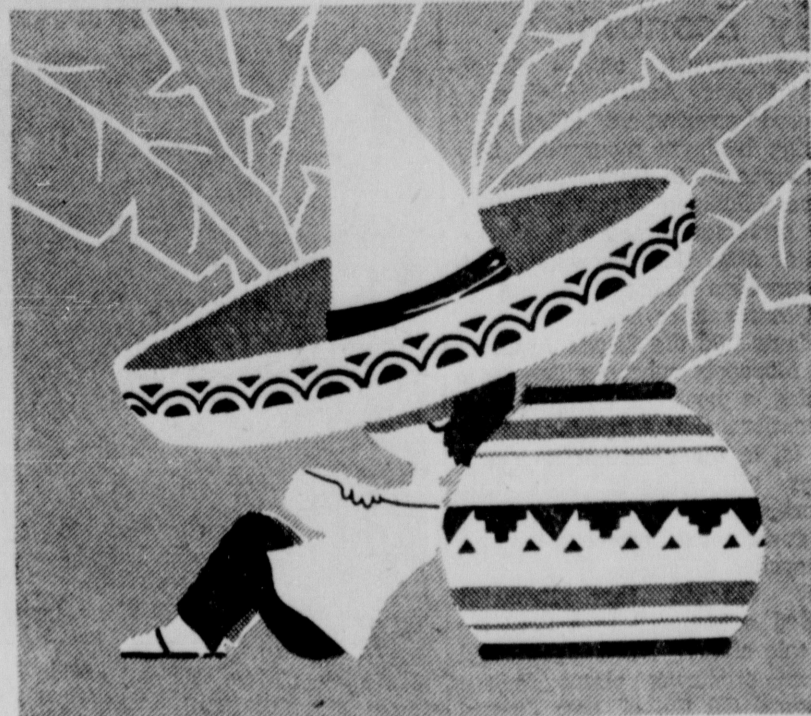

By MONA B. PARKER
"Country Line" in the Nebraska Signal "heard the locusts sing last night and knew that summer time is drawing to a close." And there are other signs to be seen on the farm . . . brood of young pheasants, plump after a season of growth . . . spring pigs, well padded and ready for market . . . the wobbly little calves that romped earlier in the year, now sturdy and heavy after months of pasture . . . stalks of goldenrod shooting high, soon to bud and burn a golden glow along the roadside . . . and cottonwoods turning yellow in scattered blotches . . .

Gene Bemis is "The Squawker" by his own dubbing and whenever he feels something needs squawking about, he sets it forth in The York News-Times. There's this matter of the old and the new, for instance. Some friends had called and before the evening was done, they all gathered around the parlor piano and had a good old-fashioned songfest. It brought back memories of the time when "to wander 'round the town was to hear a piano and a neighborhood songfest every few blocks."

And what has happened? The homemade pleasure has been almost blotted out by "the auto, the radio, the phonograph, the TV, the movies and other distractions." Mr. Bemis has no desire to go to the length of parting with these modernities, but neither can he see the "need to part with the household piano and group singing."

R.E. Koepff saw Fairburian Virg Hill's comments on Army life and had recollections of his own to add in the Plymouth News. One of ten Signal Corps technicians sent out into the China hills, the group was without an officer and so "got quite a bit of work done, and had a good time, too, taking Sundays off" and eating meals out of cardboard cartons, neatly solving any dishwashing aftermath. Then came "the dark day" when an officer arrived. "One of the junior brass" first orders was to get out the mess kits once more. Indeed a sad day, sighed Mr. Koepff, and ending a brief interlude of freedom.

A Broken Bow resident has earned a "Bring 'Em Back Alive" before his name because of his assistance in capturing a large rattlesnake for someone who wanted it for display purposes. George Fisher accomplished the catch with a long

Lyman had his own Mother's Day gation ditch. Volunteer firemen Goose rhyme came true recently, found the so-called senior fast when a search was made for a asleep under the beet leaves out little Mexican boy, missing and in the field. feared to have fallen into the irri-

Little Don Carlos.

Tend the tortillas
And stir up the beans.

Work must be done
Before the fiesta.
And where is Don Carlos?
Enjoying siesta!

slat from his truck, to which he fastened a wire loop. When the reptile struck through the loop, it was pulled tight. The snake had nearly a dozen rattles.

The Arapahoe Public Mirror was issuing a warning to anyone in the nearby vicinity to look twice before picking up what may appear to be "a pretty string of beads." Someone hunting frogs south of Edison reached for what he thought was a small strand of red and white beads when the "beads" began to move. The 11-inch snake was stunned and taken home for observation, and identified later as a coral snake, one variety of which is extremely poisonous. A similar snake was killed in a yard last spring. With alternating bands of red and white, separated by narrower strips of black, and about the thickness of a pencil, the deadly little reptiles very much resemble a string of beads . . .

Someone said something once to the effect that strong fences make

for good neighbors, an element of which observation could be found in the Pawnee Republican's comment that when there's plenty of good grass, an abundant supply of water and a good tight fence, cattle usually stay contentedly in a pasture.

However, if any one of the listed ingredients is missing, there usually is trouble brewing. A fence break may occur any time, and cattle seem to have an uncanny sense of detection for the exact spot where a post has rotted or the wire is loose enough to allow meandering into what to them, like their human counterparts, appears to be a greener pasture . . .

The Imperial Republican, touching in commendable civic pride on the supply of good pure water available and plentiful there, got around to another sort of local drilling that it heartily favors. Of course, it says, Chase County is already a prosperous territory, but "just the same we would welcome some oil wells for the sake of variety . . ."

High Blood Pressure

Upland, Neb.
To the editor of The Lincoln Star: How can we keep our blood pressure down when our Commander-in-chief comes out with such a "lay-yo-u-r-neck-on-the-block" set of loyalty rules for our soldiers in Red prison camps? Let them tear your fingernails out one at a time, or burn or freeze you to death, or starve you.

The only thing that mattered was a senseless "pardon-me" idiotic election promise that brought about what many commentators called the unconditional surrender. Ike stated later that he made the deal in good faith with the Reds. Of course, they are so trustworthy.

Our boys must go to any lengths to protect a country and satisfy the chief who cuts seven billion from the upper 10 per cent bracket and adds \$4½ billion to the debt for the young vet to come home to and pay on all his life. And all this done during a record-income, "phony" peacetime year. Then of all phonies—Geneva. To get this deal through, we promised not to bring up the satellite countries, which means aggression, the only thing between us and we are fighting for. We went to Geneva pledged to discuss nothing except matters, it would seem, that could benefit only the Reds. So we are swapping our pride and honor for peanuts—a phony peace.

FAY L. DANKER

No Applause

Hastings, Neb.
To the editor of The Lincoln Star: Always there is somebody ready to make himself ridiculous. The recent diatribe of the chairman of the Board of Control is of that order. He doted on how little the cost is in this state for old age assistance grants as compared with Colorado and Kansas. In other words, how niggardly the Board of Control deals with Nebraska's aged fathers and mothers. Such are his boostings.

ANOTHER DEFENDABLE COLGATE PRODUCT

POSTCARD

This news leaves me cold. But maybe you have been having shark trouble lately, in which case it will be a boon to you.

A new shark repellent is on the market. It is very handy for people who swim in waters where there are sharks. Though my personal opinion is anybody who would swim around a shark if off his rocker.

The repellent kills the shark's appetite is what it says in the magazine Chemical Week. The shark is rolling along on his side with his big teeth just a-glitterin'. He sees you in the water and just as he opens his mouth—

"That's funny," he says, "I don't seem to be hungry this morning." Pretty soon he is down telling the doctor how he has lost his appetite and the doctor prescribes beef, iron and wine tonic.

This is good news. But it is rather limited. I tried it at the dinner table and found that few of the people present had shark-repelling problems.

If the chemical people would put

out something that would make my dog lose his appetite— With dog food at present prices, somewhere around the cost of crown roast.

There is a repellent for cats and dogs. But it does not cause them to lose their appetites. Just keeps them off the couch. When my cat and dog get off the couch, they think it is time to eat. A repellent of this kind therefore only increases the over-all expenses.

I notice there is a repellent for deer. What with all the salad growing in my garden, the deer have been down nearly every day recently. They mow right along the edges of the path, bartering petunias and pansies and Cape Jasmynes.

The magazine says there is a deer repellent. The repellent tastes bad.

"However," says the magazine gloomily, "if it comes to a question of starving, the deer will swallow his pride, the food and the repellent."

They should be telling me. The deer around my house will swallow anything. They adore DDT. They prefer repellent.

We have used so much repellent around in my neighborhood that the deer do not care for shrubbery that has not been treated. It is just like salad dressing to them. They grew up with it.

They think my repellent comes in six delicious flavors. About this time of the year, you can see the old does bringing the young does down for a new taste thrill.

They hold little luncheons and teas out in the front yard.

"Do have a little more of the petunia. I wanted you to try this place where the tourists seldom go. But they make the best repellent!"

My boxer who is about as big as the deer lies around and watches them. He does nothing at all to repel them.

I am sorry to say that this dog is a coward. He will fight nothing of his own weight. He repels Pekingese, sparrows and the garbage man. He is very ferocious with chipmunks.

He is a specialist. Deer are not his specialty.

When the deer come around, he goes out and inspects the back of the house. He gives a couple of short barks to alert me.

"Bark. Bark. Deer in the garden."

Then he trots off to the back of the house. He came face to face with another deer once that was just around the corner. Sometimes he still dreams about it and has to get up and drink a lot of water before he can get back to sleep. It was a terrible experience.

The cat is a specialist on repelling yellow jackets that have nested up on the hill. She chases them mainly on the windows after they get in the house.

For some reason they do not sting her. If they get annoyed enough, they sting me. I am legally responsible for annoyances done by my animals and I suppose they know it.

In fact, there seems to be no repellent necessary around the house. Since everybody seems to be quite happy, eating off of me. The cat, the dog, the deer and the yellow jackets.

It is a job to baffle science. And from what I read in the magazine, apparently it has.

Probers: U.S. \$\$ Go Into 'Obsolete' British Planes

WASHINGTON (AP)—A Hoover Commission task force fired a farewell blast of criticism Wednesday at the Air Force's program of helping Britain build jet fighters and bombers.

It said the planes Britain is building with American foreign aid funds are running into numerous production difficulties and may be obsolete by the time the kinks are ironed out.

The three-man investigating team criticized a plan granting more than 200 million dollars to Britain to help build three types of fighters—the Javelin, Swift and Hawker Hunter.

Changed Mind
It reported that the Defense Department has changed its mind about making available an additional 100 million dollars to help finance production of the Javelin because of delays in turning out satisfactory models.

"The present status of the planes under contract can hardly be described as satisfactory," said the report. "There is a question as to how much of this money, if any, can or should be salvaged."

The report was the 39th and

**Most County Schools

The majority of Lancaster County schools will open Aug. 29, according to the County Superintendent's office. Some will open Sept. 5 and the remainder on Sept. 12, after the State Fair.

Lancaster public schools open Sept. 12.

last issued by the Hoover Commission, headed by former President Herbert Hoover.

Brief Usefulness
The report said both the Hawker Hunter and Swift fighters appeared

Judge Signs Labor Ruling

Federal Judge John W. Delehant has signed an order in favor of the U.S. Department of Labor "permanently enjoining" from Aug. 23, 1955, the Chambers Construction Co., and L. H. Chambers, president, from violating overtime and other provisions of the Fair Labor Standards Act.

The defendants' motion for spe-

cific findings and conclusions was denied by the court, which directed compliance with the decision of May 10, 1955.

The company is enjoined from employing any persons, who are engaged in the production of goods for interstate commerce, for a work-week longer than 40 hours unless compensated by time and a half for excess time.

2 Believed Dead In Crash At Sea

SAN DIEGO, Calif. (AP)—Two Navy officers are missing and presumed dead in a bomber crash at sea off San Diego. An enlisted man survived.

The Douglas AJ2 Savage combined jet and propeller bomber with a three-man crew sank after being catapulted from the carrier Kearsarge.

Missing are the pilot, Lt. Cmdr. Baron Louis Hansen, 34, of Los Angeles; and the navigator, Lt. Frank Milton Keele, 32, of Corpus Christi, Tex.

The radioman got out of the plane before it sank and was rescued. He is Clifton H. Blank, 56, of Millington, Tenn.

The court order also requires the keeping and preserving of adequate records of employee's wages and hours.

The complaint, alleging violations in 1948 and 1949, was originally filed May 20, 1952. In a memorandum opinion of May 10, Judge Delehant found that the employees involved were employed in interstate commerce and in the production of goods entering interstate commerce.

The defendant had claimed that he was not an employer within the meaning of the act.

the Hawker Hunter, it said, to meet American Air Force objections. But, the task force said:

"... It will certainly be inferior to the F100 and other types of Russian fighters that may be expected to be in front line service and quantity production by 1958.

Defense Department officials said Wednesday they were confident the British Hawker Hunter when modified, would be the best interceptor day fighter in Western Europe. They defended the British procurement program, saying it would prove to have been a wise investment.

Orville G. Trester Funeral Set Here

Funeral services for Orville G. Trester, 70, who died at his home at Seattle, Wash., will be held in Lincoln. Burial will be at Wyuka Cemetery.

Mr. Trester's parents were pioneers in the Lincoln area, and he was educated in the Lincoln schools.

In 1911 he married Gertrude Snodde of Alexandria, Neb. They later lived in Oregon and Washington, where he was engaged in the lumber business.

Surviving are his wife; a brother, Morton O. Trester of Lincoln; two sisters, Mrs. William B. Rose of Lincoln and Mrs. Zella Dayton of Norfolk; and several nieces and nephews.

French Premier Defies African Policy Critics

... To Talk With Rebellious Nationalists

AIX LES BAINS, France (AP) — Premier Edgar Faure—defying right-wing critics of his North African policy—flew back here from Paris Wednesday night for face-to-face talks with Moroccan nationalists.

In Paris, he had met with President Rene Coty and others on the mounting objections to dealing with nationalists held responsible for last week end's bloody uprisings in Morocco and Algeria.

The Premier said he does not believe the Moroccans with whom he is holding talks here played any role in the recent violence.

Faure and his Cabinet ministers will meet Thursday with the high command of the Istiglal independence party, Morocco's most unyielding nationalist organization.

Recognizing
Most observers agreed that by consenting to talk with the Istiglal leaders, who arrived by plane earlier Wednesday from Rabat, the government is recognizing them as legitimate spokesmen for Moroccan aspirations.

While French leaders continued their talks with Moroccan officials and spokesmen, the Paris government recalled 60,000 young reservists to the colors to strengthen forces trying to maintain order in North Africa. French military resources were heavily taxed by North African nationalist outbreaks over the week end, which took a death toll now estimated at 2,000.

The Defense Ministry in Paris said most of the reservists to be called up are 23 to 24 years old. The first to put on uniforms will be specialists such as signal corpsmen and engineers. The French now have 125,000 troops in Algeria and more than that in Morocco.

Pressure Boosted
UNITED NATIONS, N.Y. (INS) —The Arab-Asian bloc, reinforced by active Turkish support, stepped up the pressure Wednesday for United Nations intervention in bloody North Africa.

The 17 nations represented in the U.N. Arab-Asian bloc prepared a letter to the Security Council drawing its attention to the riots in Morocco and Algeria and to armed force being used increasingly by France to suppress the Nationalist movement.

Ten Killed
RABAT, French Morocco (INS) —Ten Moroccans were killed Wednesday resisting French troops engaged in hunting down rebellious nationalists in Oued Zem in north-east Morocco.

A French Army communique said 200 Moroccans in the same area were detained and interrogated.

Resignation Hinted
CASABLANCA, Morocco (AP) —Reports spread quickly Wednesday night that French Resident General Gilbert Grandval has resigned in the face of French public demonstrations against his handling of the riotous Moroccan situation.

There was no official confirmation of the reports up to midnight.

McCahill Rites Held
CLEVELAND (INS) — Funeral services were held Wednesday for Mrs. Elizabeth Thomas McCahill, 56, wife of Charles F. McCahill, senior vice president of the Forest City Publishing Co., publishers of the Cleveland News and Plain Dealer.

Planning Unit Denies-3 Zone Change Pleas

Three requests for zoning changes have been denied by the City Planning Commission.

The Commission has recommended the City Council reject the following applications:

Change from multiple dwelling to 1 commercial on the north side of Baldwin just west of 42nd.

Change from two family residential to 1 commercial of lots on both sides of 15th south of South.

Change from single family residential to 1 commercial of property at the southwest corner of Cotner and R.

Other Commission action:

Denied a request for an additional use permit to improve a trailer court at 42nd and O.

Approved a request for an additional use permit to construct a motel on Cornhusker Hwy. at Adams.

Approved a request for an additional use permit to operate a dancing school at 37th and J.

Denied a request for an additional use permit to construct and operate a clinic at 48th and M.

Approved the plat of North View at 54th and M.

Approved the plat of McKinney Heights at 40th and Van Dorn.

Denied the vacation of 53rd, Normal to Glade.

Approved the vacation of 54th, Normal to Glade.

Denied the vacation of 72nd, Logan to Morrill.

Object In Sky Still Mystery

Southeast Nebraska residents who saw a strange, round object in the air Tuesday will evidently have to remain puzzled about its identity.

The object was spotted at Beatrice until 7 a.m. Tuesday. Then it was reported in Fairbury. And it remained over Lincoln and Denton until late afternoon when it disappeared.

The mysterious sphere was thought to be a weather balloon by Ground Observer Corps officials, although no local weather station had a balloon out at that time.

The Lincoln Air Force Base was unable to identify the object, Maj. Vaughan Stevens said.

Housing Standards Hearing Sept. 16

The first public hearing on the city's proposed new minimum standards housing ordinance will be held Sept. 16 by the City Planning Commission.

This is the ordinance which attempts to regulate such things as light and air, plumbing, electric wiring, room areas, etc. in residences. The Commission intends to hold a series of public hearings on the measure.

MRS. KEITH H. BRITTON

MRS. JAMES ANDREASON

Coeds Are August Brides

Gladioli blossoms simulated a white picket fence to enclose the chancel of Westminster Presbyterian Church where the wedding of Miss Cynthia Ann Johnson, daughter of Mr. and Mrs. Earle Vincent Johnson, and Keith H. Britton, son of Mr. and Mrs. C. Wilbur Britton of Sioux City, Ia., took place on Wednesday evening, Aug. 24. Poplar boughs banked the choir loft, and the processional aisle was marked with cathedral candles, caught with clusters of white gladioli. The Rev. Robert Laird solemnized the 8 o'clock ceremony, and Miss Karen Beghtol, organist, played the wedding music.

Crystallite in the Nile green tone was chosen for the costumes of the five attendants, including Miss Nancy Johnson, who was her sister's maid of honor; and bridesmaids, Miss Mary Catherine Walt, Miss Nancy Chamberlin, Miss Marilyn Reese of Nebraska City, and Miss Jo Ann Wallace of Greeley, Colo. Embroidered Chantilly lace circled the shoulder line of the empire bodices which narrowed to slender waists above wide, pleated skirts in the ballerina length. Their ensembles were completed with frock-toned elbow-length gloves and hair-braid plateau bonnets topped with flat satin bows. Each carried a garden basket filled with white Marguerite daisies. The candles were lighted by Miss Ann Desmond and Miss Beverly Buck.

Lt. C. W. Britton of Las Vegas, Nev., served his brother as best man, and seating the guests were James Scroggs, Cedar Rapids, Ia.; Robert Jamieson, James Cosgrove, both of Sioux City, Ia.; Hollis Feaser, Shelby, and Robert Knoch, Leigh.

For her wedding the bride chose a gown of imported white tulle over taffeta. The sculptured bodice had a portrait neckline contoured with a cuff of embroidered organza and shirred tulle gloves replaced the length of the brief sleeves. The voluminous skirt was created of shirred tiers of tulle that graduated to extreme width that swirled into a whisper train. Her tiered, waist-length veil of illusion was held to the head with a plateau bonnet of embroidered organza, patterned with pleated tulle and pearls. She carried a cascade bouquet of white orchids.

Mrs. Britton is a graduate of the University of Nebraska

where she is a member of Alpha Phi sorority. Mr. Britton attended the University of South Dakota, where he is a member of Delta Tau Delta, and the University of Nebraska.

Arrangements of white gladioli, cathedral candles and greenery formed an attractive background for the wedding of Miss Sharon Ann Reed, daughter of Mr. and Mrs. V. Glaze Reed of Osmond,

to James Eklund Andreason, son of Mr. and Mrs. Harry P. Andreason of Omaha, which was an event of Sunday, Aug. 21. The 2:30 o'clock ceremony, solemnized by the Rev. Samuel Jensen, took place at the Trinity Lutheran Church in Sioux City and the music for the double ring service was played by Mrs. Wendie, organist, who also accompanied the vocalist, Delmar Riessen.

Miss Dixie Lee Reed, her sister's maid of honor; Miss Alaska Reed, also a sister of the bride; Mrs. Kenneth Gleason of Pringle, Ia., and Miss Karen Holte of Grand Marais, Minn., the bridesmaids, wore alike ballerina frocks of satin crystal cloth in the champagne tone. Each carried a single white rose.

Howard Andreason of Des Moines served his brother as best man, and the ushers were John Albertson, James R. Coufal, both of Omaha, and John Newburn, Des Moines. Richard and David Riessen, cousins of the bride, were the ring bearers, and Diane and Cynthia Andreason, nieces of the bridegroom, were the flower girls.

The bride's gown of pure silk bombazine was designed with a short-sleeved bodice, in which a bateau neckline was patterned with fagotting and a voluminous hooped skirt that was completed with a circular train. Her train-length veil of tulle was held in place with a chignon clasp of pearls, and she carried a bouquet of white roses on a white ribbon.

After a honeymoon trip to Yellowstone and Glacier Parks, Mr. Andreason and his bride will reside in Lincoln where both are students at the University of Nebraska. Mrs. Andreason is a member of Alpha Chi Omega sorority, and the bridegroom is a member of Alpha Tau Omega fraternity.

MRS. ROBERT EBERLY

Was Wednesday Bride

With lighted candles and greenery appointing the chancel and marking the processional aisle, the wedding of Miss Lois Rae Simmerman, daughter of Mr. and Mrs. K. R. Simmerman, to Robert I. Eberly, son of Mr. and Mrs. H. M. Eberly of Niobrara, took place on Wednesday evening, Aug. 24, at the Vine Congregational Church. The 7 o'clock ceremony was solemnized by the Rev. Rex Knowles, and Miss Margaret McGregor played the wedding music.

Miss Jean Simmerman of Hermosa Beach, Calif., was her sister's maid of honor and only attendant. Her waist-length frock of gold-toned crystallite was fashioned with an elongated, sleeveless bodice and a very bouffant skirt. She carried a cascade bouquet of Talisman roses.

Jay Eberly of Niobrara served his brother as best man, and the

ushers William Eberly of Niobrara, also a brother of the bridegroom, and Joseph Pop.

The bride appeared in a gown of ivory crystallite. The brief-sleeved fitted bodice was designed with a heart-shaped neckline, traced with seed pearls, and the exceedingly full skirt was waist length. A half-bonnet, edged with seed pearls, held to the head her shoulder-length veil, and she carried a cascade bouquet of white roses.

For the honeymoon trip to California Mrs. Eberly wore a cotton frock of blue plaid, with blue topper and accessories. Mrs. Eberly is a former student at the University of Nebraska. Mr. Eberly attended Wayne State Teachers College and the University of Nebraska.

Festivity In The Air

THINGS are a bit on the festive side this morning, what with parties, dinner-dances and so forth—And we also have some information to pass on which will involve your address books—There are guests, of course—and news of homecomers—plus a line or two concerning travel—

THE dining and dancing we mentioned will be at Hillcrest Club on Saturday evening where no host groups will be predominant—In one of them, an eight-some, will be Mr. and Mrs. Jack A. Bradley, Mr. and Mrs. Robert Landegren, Mr. and Mrs. Robert Porritt, and Mr. and Mrs. C. E. Woolman. Preceding the festivities at the club the group will have an hors d'oeuvres party at the home of Mr. and Mrs. Bradley.

AT a table arranged for 10 will be Mr. and Mrs. Clifford Dier, Mr. and Mrs. Ed Schumacher, Mr. and Mrs. Hal Thorson, Mr. and Mrs. E. J. Matcha, and Mr. and Mrs. Dean Enyeart.

Also planning to attend the Hillcrest party Saturday evening is a group composed of Mr. and Mrs. H. R. Nootz, Mr. and Mrs. Howard Gerstenberger, Mr. and Mrs. Paul Eveland of Elmwood; Mr. and Mrs. Gerald Christofferson, and Judge and Mrs. Harry Spencer.

AN OUT of town guest is the in-

centive for another dinner-dance group at Hillcrest—She is Mrs. Kenneth Anderson of Lubbock, Tex., who is the house guest of her brother-in-law and sister, Maj. and Mrs. Fred Sherman.

Maj. and Mrs. Sherman will be host and hostess at a canape party preceding the dinner dance and then the group, including Capt. and Mrs. Frank Goetz, and Capt. and Mrs. Donald Schone, will go on to the club.

DINING together at a table arranged for 12 will be Mr. and Mrs. C. C. Dawley, Mr. and Mrs. Kenneth Brown, Mr. and Mrs. Kenneth Binning, Mr. and Mrs. D. J. Horn, Mr. and Mrs. Hank Gammons and Mr. and Mrs. Clarence Myers.

BUT all of the fun isn't at Hillcrest—Heard that Mr. and Mrs. Richard Agee and John R. Doyle were hosts and hostess on Tuesday evening when they entertained at an hors d'oeuvres party in courtesy to Maj. and Mrs. Allen Gullion who are the guests of Mrs. Gullion's grandfather, Ross P. Curtice.

MENTION of John R. Doyle reminds us that Mrs. Doyle and the two Doyle sons, will be returning from California this week-end and will be met in Denver by Mr. Doyle. Early next week the Doyle family will be moving into their new home at 3024 W. Summit.

M—for moving—DAY is Monday for Mr. and Mrs. Craig O'Brien and their daughters whose new address will be 3200 So. 31st St. Mr. and Mrs. O'Brien have purchased the home of Mr. and Mrs. T. C. O'Donnell who are moving on Friday into their new home at 2132 Calvert.

SOMEONE told us that E. A. Downey of Kensington, Md., will be arriving in Lincoln on Sunday, for a visit with his brother-in-law and sister, Mr. and Mrs. Ellis Mockett,

and his mother, Mrs. W. A. Downey.

APROPOS of the Mocketts—On Tuesday evening Mr. and Mrs. Mockett will entertain at a

family dinner at their home in celebration of the birthday anniversary of Miss Claudette Helm who is the fiancée of their son, Dr. Robert Mockett of Long Beach, Calif.

New YWCA Director

MISS JANE ANNE GOODMAN

Mrs. Donald Helmsdoerfer, chairman, and members of the Lincoln YWCA personnel committee have announced the appointment of Miss Jane Anne Goodman of Alma, Mich., as director of teen-age programs and activities for the YW.

Miss Goodman will begin her duties on Sept. 1. A June graduate of Michigan State College,

East Lansing, Mich., she is a former student at Cottey College, Nevada, Mo., and has served as a group worker at St. Martha's Settlement in Philadelphia.

A former assistant director of the girls' camp, Stonycroft Educational Camps, Shelby, Mich., Miss Goodman has been an assistant Brownie leader, counselor at the Brownie Camp, Alma, Mich., and a Y-Teen advisor.

To Entertain

The members of Alpha Theta Chapter of Epsilon Sigma Alpha sorority met at the home of Miss Dee Finigan Monday evening to discuss plans for the coming year.

The chapter's first rush party of the season will be held next Monday evening when the group will entertain at a watermelon feed at Peter Pan Park followed by an evening of miniature golf. In charge of arrangements are Miss Betty Torey, vice president and rush chairman; and the social committee, Miss Carol Jones, chairman, Miss Betty Smith, Mrs. Jane Scheffert and Miss Kathy Schriener.

Project plans for the chapter were presented by Miss Irene Hunt and Miss Pat Studnicka. The first business meeting of the fall will be held Sept. 12, at the home of Miss Torrey.

Films Forum Board Meets

At the meeting of the Lincoln Films Forum executive board, held earlier this week, announcement was made by Mrs. C. M. Stewart, president, that the opening meeting of the fall season will be held Monday, Sept. 26, at the YWCA.

Miss Leah Schofield was named delegate, and Mrs. E. C. Mouden, alternate delegate, to the women's Inter-Club Council, and a report on the year's program was given by Miss Merle Simpson, vice president.

We Hear That

Word has been received in Lincoln of the birth of a daughter, Teresa Ann, to Mr. and Mrs. Carl Nemeth of Spokane, Wash., on Tuesday, Aug. 23. Small Miss Nemeth is the granddaughter of Mr. and Mrs. James R. Veach of Lincoln, and Mr. and Mrs. Joseph Nemeth of Spokane.

Mr. and Mrs. Milburn Green have as their houseguests this week Mr. and Mrs. W. I. Sloan and their daughter, Carol Ann, of Houston, Tex. Mrs. Sloan, who will be remembered as the former Connie DeClaric and who formerly resided in Lincoln, will be honored at several informal affairs during her visit.

Church Votes Merger Approval

Lincoln Star Special
WEeping WATER — With only one dissenting vote the delegates at the United Missionary Church Conference at Weeping Water voted in favor of a proposed merger with the Missionary Church Association.

The Missionary Church Association, headquartered at Ft. Wayne, Ind., passed a similar resolution two years ago. The merger, on which final action will be taken at the General Conference in Ontario in November, would double the size of the group.

A new constitution has been drawn and approved by both parties.

Two ministers were ordained at services Wednesday. They were the Rev. L. O. Severn of Carpenter, S.D., and the Rev. Erwin Pollman of Dolton, S.D.

New church assignments were announced by the Rev. J. T. Hoskins of Lincoln, superintendent of the conference.

The Rev. Paul Diamond, pastor of the Council Bluffs United Missionary Church for five years, was named as pastor of the United Methodist Church at 66th and Gladstone. He replaces the Rev. Walter L. Stump who will go to Mt. Pleasant, Ia. The Rev. Stump has been with the Lincoln church three years.

Other Nebraska assignments: The Rev. K. W. Baker of Franklin will go to Orange, Calif. He will be replaced by the Rev. Severn. The Rev. John P. Tschetter of Lewellan moves to South Dakota. The Rev. Sherman Mills of South Dakota will replace him at Lewellan.

Re-elected vice district superintendent of the conference was the Rev. C. S. Gray of Milford. Wayne Staley of 715 Washington, Lincoln, was named treasurer of the conference.

Delegates named to the General Conference in Ontario, Canada, in November are the Rev. C. S. Gray of Milford and the Rev. J. T. Hoskins of Lincoln. John Staley of Milford was named lay delegate.

The conference closed Wednesday afternoon. It had been meeting in Weeping Water since Monday noon.

A GOOD PEACH CROP

Evidence of the good peach crop in Nebraska this year is displayed by Mrs. Gordon Wilson of 1225 So. 11 and her father, L. W. Harris. The branches of the tree were so heavily laden with fruit that three of the limbs had to be propped up with sticks. (Star Photo.)

Peach Crop Not Hurt By Heat

The heat may have affected some crops in Nebraska this year, but not the peach crop.

That's the opinion of C. C. Wiggins, professor of horticulture at the University of Nebraska.

There are more peaches in the state this year than there have been in many years, he said, because there was no frost in the spring to damage them.

Peach trees which are crowded too close together or do not receive enough water will produce fruit smaller in size than peaches grown under more favorable conditions, he explained.

Wiggins said the river counties raise the most fruit, with centers at Nebraska City, Brownville and Peru. Washington and Burt are also big fruit producing counties. Smaller crops are raised in Lincoln and Omaha.

Dulles To Speak

WASHINGTON (INS)—The State Department announced Secretary John Foster Dulles will make a major foreign policy address Friday before the Council of Foreign Relations in New York. The State Department said the talk will be delivered at 3:30 p.m. CST and will be on "certain aspects of U.S. foreign policy."

Adm. Ingersoll To Command Seventh Fleet

WASHINGTON (INS) — Rear Admiral Stuart H. Ingersoll was named Wednesday to succeed Vice Admiral A. M. Pride as commander of the U.S. Seventh Fleet, patrolling the Formosan Straits.

The Navy said that Ingersoll will assume his new command in December or January following briefings in Washington and Pearl Harbor and a tour of Western Pacific countries.

In taking the new command, the Navy said Ingersoll, who has been chief of staff to the Atlantic Fleet commander Adm. Jerauld Wright, will be promoted to the rank of vice admiral.

Pride will complete a two-year tour of duty with the Seventh Fleet when he turns over the command to Ingersoll. Pride's new assignment was not announced.

A graduate of the U.S. Naval Academy in 1921, Ingersoll has been a naval aviator since 1926. He has been a test pilot, has served in torpedo fighting, and in bombing and patrol squadrons. In 1940 he led a patrol squadron on the first mass roundtrip flight from Hawaii to the Philippines and return.

Czechoslovakia Army Reduction Is Forecast

VIENNA (INS) — Agence France Presse reported that Communist Czechoslovakia has decided to cut its armed forces by 34,000 men by Dec. 28.

The French news agency report quoted Prague Radio. The announcement follows a recent report by the Soviet Union that it was cutting its forces.

FRENCH CHUTIST FALLS 5 MILES; CLAIMS RECORD

PARIS (INS) — French parachutist Odette Bousseau made a five-mile free fall jump and claimed a world's record.

Officials of the French Aero Club said it exceeded the previous record of 7,246 meters (4½ miles) set in Russia in 1952.

Miss Rousseau jumped from an altitude of 23,225 feet and fell five miles before her parachute opened only 1,313 feet above the ground.

State Merit Tests Set For Sept. 24

The Merit System Council Wednesday announced examinations will be given Sept. 24 for all classes of positions in county welfare offices, the Lincoln and Omaha health departments and the State Health Department, Public Welfare Division, Employment Security Division and Employment Service Offices.

Sept. 12 is the closing date for applications.

Feeling Fit as a Fiddle? Dr. Walter C. Alvarez, column "Medical Roundup" appearing in the "Sunday Journal and Star" gives sound advice on how to keep healthy.

Thursday, August 25, 1955

THE LINCOLN STAR 9

Near Epidemic

APPLETON, Wis. (INS) — Polio in Wisconsin's Outagamie County reached near epidemic proportions Wednesday, with six new cases reported for a total of 215.

The city of Appleton — home-town of Republican Senator Joseph R. McCarthy has 60 cases alone.

Opening of school at Lawrence College has been delayed and football practice at several high schools, including Appleton and Seymour, has been postponed. Opening of school at Menasha, Neenah and Little Chute, has been delayed.

No-Account Check Guilty Plea Made

Russ Maves, 34, of Roca has pleaded guilty in Lancaster District Court to a charge of issuing a \$10 no-account check last June 28 in Lincoln.

The defendant had been bound over to District Court for trial following preliminary hearing in County Court.

District Judge Harry Ankeny deferred sentencing pending an investigation by the adult probation officer.

Nebraska News

Nebraska Polio Fund \$733,642

State Ranks Fourth On Per Capita Basis

Lincoln Star Special
SEWARD, Neb. — Final audit of 1955 March of Dimes receipts reveal that Nebraskans contributed \$733,642 this year toward the bill for America's accelerated fight against polio, it was announced by Ted R. Hughes, Seward, state chairman for the March of Dimes.

This figure was \$14,079 less than the total for 1954, but Nebraska continued for the third consecutive year to hold fourth highest rank in the nation in per capita giving, Hughes said. Nebraska's per capita record was exceeded only by the three less populated states of Nevada, Wyoming and Idaho.

"Our volunteers, partly because they were inspired by the bright promise of the Salk vaccine and partly because of devotion to those for whom any vaccine comes too late, did a great job and deserve the highest credit," Hughes commented.

\$12 Million Short
Although total national contributions in January (\$52,511,185), following upon the heels of an emergency March of Dimes last August, were almost as much as in January, 1954, (\$54,841,213), the amount fell nearly \$12 million short of increased needs in 1955, the state chairman reported.

He drew attention to the fact that Nebraska had its highest polio incidence in history (721 cases) last year and that the resulting load of polio patients has, or will soon make it necessary for many chapters to seek emergency aid from National Headquarters. A similar picture is found in many other states, he said. Because of the unprecedented drain upon National Headquarters in the conduct of its usual program combined with the cost of the vaccine project, however, there are no funds at National Headquarters to be advanced — except as additional amounts are made available by individual chapters having at least limited, unobligated funds in their treasuries.

"It's going to be 'touch and go,'" said Hughes, "to pull through to the next March of Dimes in January. But in keeping with the early American tradition of mutual aid in time of peril, you can be sure all county chapters across the nation not already facing deficits will contribute the maximum possible to assure care and treatment to every polio victim anywhere regardless of age, race, creed or geographical location."

Ex-Nebraskan Is Promoted, Named CO Of Marine Depot, Philadelphia

Lincoln Star Special
PHILADELPHIA—Colonel Harold D. Hansen, formerly of Nebraska and currently of the U.S. Marine Corps, has been promoted to brigadier general and been named commanding officer of the Marine Corps Clothing Depot, Philadelphia, succeeding Brig. Gen. Ion M. Bethel.

General Hansen is the son of the late Mr. and Mrs. Nels C. Hansen of Wahoo, Neb. He was born in Ithaca, Neb., and was graduated from Wahoo High School in 1923. Upon graduation from the U.S. Naval Academy in 1927 he

was commissioned a second lieutenant in the Marine Corps. In 1928 he joined the 11th Regiment in a tour expeditionary duty in Nicaragua and received the Nicaraguan Medal of Merit with citation. In 1929 he entered flight training, but was forced to give it up due to an injury, and then spent a year in Haiti.

In August, 1934, General Hansen received the start of Abdon Calderon, 3rd class from the governor of Ecuador.

After various posts of duty, he served as quartermaster, aircraft fleet Marine in the Pacific and earned the Bronze Star medal in 1944. A major when World War II began, he was a colonel when it ended.

In 1953 as supply officer of the 3rd Marine Division, he served in Japan.

General Hansen and his wife, Winifred, have a daughter, Dale, and a son, Harold D. Jr. Lincoln relatives include three brothers, Andrew, Sinclair and D. G. A brother, Hans Hansen, resides in Wahoo, and his sister, Mrs. Elmer Bader, lives in Fremont, Neb.

Dodge Youngsters To Receive Second Shots Next Month

FREMONT, Neb. (A) — Second shots of Salk anti-polio vaccine will be given to eligible first and second grade children in Dodge County Sept. 13, according to County Supt. Joe Phillips.

Phillips said any eligible children who missed first shots could receive them the same day by making arrangements through his office.

Early Day Cowboy In Burwell Area Dies

BURWELL, Neb.—R. B. Miller, 98, an early day cowboy in this area, died following an illness of several years. He at one time operated a store at old Fort Hartsuff 10 miles east of here.

His wife died last winter.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers left to right. Then read the message the letters under the checked figures give you.

BAERING DOWN ON THE NEWS By Arthur 'Bugs' Boer
Let's gander who's winning in the battle of co-existence.

Russians have proved the American steel foundries, Iowa corn parks and Detroit motor clinics.

In co-operative retaliation we

showed 'em locomotives, airplanes and submarines. And we don't know what's on the other end of the rope in the Volga Boat Song.

This co-existence is as one-sided as a chaw of tobacco.

But we held out a couple of top secrets on 'em. They still don't know how we put the chocolate coating on Eskimo Pie.

Tucson Lefthander Stops The Dalles To Even Legion Tourney At Hastings

Lincoln Star Special
HASTINGS—Tucson, Ariz. Wednesday night defeated The Dalles, Ore., in a sectional Junior American Legion tournament here, 3-1. The victory evened the three-team tourney in which Lincoln and

the two Wednesday contestants now stand at one win and one loss each. Lefthander Rene Zamorano used soft stuff to control the hard-hitting Oregon club which had beaten Lincoln in the tourney opener. Tucson broke a scoreless game

with two runs in the sixth on two singles and two errors by Oregon pitcher Earl Griggs.

The Dalles scored in the eighth on Griggs' hit and a Tucson error. Spence Engle and Steve Corrales hit doubles in the eighth for the last Arizona run.

Earl Sande Among 12 Named To Racing Hall Of Fame

SARATOGA SPRINGS, N. Y. (AP) — Earl Sande, rider of three Kentucky Derby winners, and 11 other jockeys were named to racing's Hall of Fame today by the organization's executive committee.

Six trainers also were honored as were 10 thoroughbreds, all of whom raced prior to 1900.

The selections were announced

by Walter M. Jeffords, president of the national museum of racing. The nominees will be formally enshrined in the new Hall of Fame building next August.

A panel of racing experts from all parts of the country nominated candidates for the Hall of Fame. This list then was studied by the executive committee, which made the final choices.

To be eligible for the honor rolls, neither the trainers nor the jockeys could be active in the phase of racing in which they won their fame. Sande, for instance, is retired as a jockey but still is connected with racing as a part-time trainer.

The jockeys named, in alphabetical order, are: LaVerne Fator, Edward (Snapper) Garrison, Daniel Maher, James McLaughlin, Walter Miller, Isaac Murphy, George Odom, George Woolfe, Sande, Fred Taral, Tod Sloan, Nash Turner.

The trainers are: William Preston Burch, Thomas Healey, Samuel Hildreth, Andrew Jackson Joyner, John Rogers, James Rowe. The thoroughbreds: Ben Brush, Boston, Domino, Hanover, Hindoo, Kingston, Lexington, Luke Blackburn, Salvo, Sir Archie.

Drake In Big Win

NEW YORK (AP) — Ray Drake, a handsome 25-year-old middleweight prospect, made good in his Madison Square Garden debut as a headliner Wednesday night by pouncing out a one-sided decision over Danny Giovannelli in a television 10-rounder. Drake weighed 156½, Giovannelli 153½. Both are from Brooklyn.

It was the fifth straight win for Drake and the most important of his career. He was a 12-5 favorite, the odds having jumped up from 7-5 just before the bout. Giovannelli's loss snapped his unbeaten streak at five.

Scoring solidly and often to the head and the body, Drake gave his younger but more experienced thorough rival a sound drubbing.

The votes, all favoring Drake, were: Judge Frank Forbes 8-2, Judge Joe Agnello 7-3 and Referee Ray Miller 5-4. The AP card had Drake in front 8-2.

Brooks Hit Four Homers, Clip Cubs

BROOKLYN (AP)—Brooklyn's National League leading Dodgers pounded out a 9-5 victory over the Chicago Cubs Wednesday on the strength of four home runs into Ebbets Field's cozy left field stands.

Meyer, who hadn't started a game since Aug. 3, turned in his fourth triumph of the year against one defeat with the relief help of Clem Labine. He had two bad innings, the third and sixth.

Gilmer's Passes Lead Detroit Win

MOBILE, Ala. (AP) — Harry Gilmer, the one-time jump-pass star at Alabama, was given his chance on offense again Wednesday night and the little back passed and ran the Detroit Lions to a 17-14 exhibition victory over the Washington Redskins.

The 180-pounder completed 13 of 21 passes for 180 yards and scored one touchdown from the four.

Two Birds With Stone

Doane College football players Jim Herman (center) and Don Crowder (right) work at the double chore of keeping in shape and laying brick on the new

\$40,000 Doane gym addition. Supervising is Doane's new football coach, Al Papik. Herman, a sophomore fullback from Nebraska City and Crowder, senior

quarterback from Exeter, will start two-a-day practices next Monday but the gym addition won't be completed until late fall. (Photo Special To The Star.)

Lesser Up, Downey Down In Overtime

By HUGH FULLERTON JR.

CHARLOTTE, N. C. (AP) — Pat Lesser, a tall golfing automaton from Seattle, turned back grim faced little Mary Ann Downey of Baltimore on the third extra hole Wednesday to complete a

bracket of eight experienced quarterfinalists in the Women's National Amateur Golf championship.

Miss Lesser, who'll be a senior at Seattle University this fall, pulled out an exciting up and down match on the 21st hole as dusk fell over the testing Myers Park Country Club course.

The defeat of Miss Downey, conqueror Tuesday of defending champion Barbara Romack, completed a torrid double round in which all the ex-champions, all the foreign stars and virtually all of the rank outsiders were shaken out.

The last two former champs, Mrs. Dorothy Germaine Porter of Philadelphia and Grace Lenczyk of Newington, Conn., went out in the third and fourth rounds, respectively, during a day filled with minor surprises.

Also eliminated were England's two Curtis Cup players, Elizabeth Price and Jacqueline Gordon, American Curtis Cupper Marjorie Lindsay of Decatur, Ill., and Canada's Rae Milligan.

But there wasn't a major upset on the board as the round of eight showed a neat blend of the brash teen-agers and the over-25 group who dubbed themselves the "middle seniors."

Here's how they'll pair up for the four quarterfinal matches Thursday afternoon, starting at 1 p.m. CST.

Mrs. Scott Probasco, the Southern women's champion from Chattanooga, against 18-year-old Anne Quast of Marysville, Wash., who is surprised every time she wins a match and who almost cried when she pulled out a tough one this morning.

Jane Nelson, a laughing Hoosier schoolman from Indianapolis against college girl Barbara McIntire of Toledo.

Guzzling Nashua Brings Big Barrel Of Special Water

SARATOGA SPRINGS, N.Y. (AP) — Nashua will travel in style to Chicago for his celebrated match race with Swaps Aug. 31.

When the Preakness and Belmont stakes champion boards the train Thursday night for his overnight trip, he will find the ultimate in comfort.

There will be a huge barrel of special water from Saratoga Springs to quench his thirst. The big thoroughbred guzzles 20 gallons a day.

One end of his horse Pullman will be equipped with a cafeteria-style counter, with plenty of choice hay and oats.

Four aides of trainer Sunny Jim FitzSimmons will be in the car to answer the horse's every beck and call.

Valdes To London To Fight Cockell

NEW YORK (AP) — British Boxing Promoter Jack Solomons said he has signed Cuba's Nino Valdes to meet Don Cockell, British heavyweight champion, in a 10-round bout in London's White City Stadium, Sept. 1.

It will be Cockell's first bout since he was stopped in the ninth round by heavyweight champion Rocky Marciano in San Francisco May 16.

Baker Outslugs Fighting Layne

WEST JORDAN, Utah (AP) — A trained-down Rex Layne of Lewiston, Utah, tried mightily through 10 rounds of right-hand swinging to beat Pittsburgh's Bob Baker Wednesday night but Baker counter-punched to a split decision.

The Best Trade-ins? MOWBRAY MOTORS of course!

JUST ASK THE MAN WHO HAS TRADED WITH US AND HE'LL TELL YOU . . .

I got top price for my car when I traded—beat every price in town.

I had to finance the balance and they took care of all the details. All I had to do was sign my name.

Selection? They promised to deliver the body style and color of my choice, and they did.

I didn't have to drive downtown—I called and the deal was made right at my own home.

Let Us Make You An Offer Now!

MOWBRAY MOTORS, INC.

Katt, Terwilliger Homer In Giant Win

NEW YORK (AP)—South-paw Don Liddle limited St. Louis to eight hits as the New York Giants, behind the home run hitting of Wayne Terwilliger and Ray Katt, defeated the Cardinals 4-1 Wednesday.

A seventh inning home run by Alex Grammas, the first of the season for the light-hitting shortstop, spoiled Liddle's bid for a shutout. The tiny lefthander, who now has beaten the Cardinals three times, had to pitch out of a deep hole in the ninth to register his seventh triumph of the season.

With one out, Bill Virdon got his third single of the game and raced to third on a double by Bill Sarni. Liddle, however, struck out Ken Boyer and ended the game by retiring Grammas on a grounder.

The Giants collected only six hits off Tom Poholsky and Paul LaPalme, but took advantage of a couple of errors by Grammas to score two unearned runs. Back-to-back homers by Terwilliger and Katt off Poholsky in the second, accounted for the other runs.

Poholsky was charged with the defeat, his eighth against seven victories. He gave up all five hits and all New York's runs in six innings.

Champion Scratched
LONDON (AP)—Phil Drake, winner of the Epsom Derby, was scratched from the St. Leger, last of Britain's 1955 horse racing classics. The French colt owned by Mrs. Susy Volterra had been rated 10-1 for the bookies for the Sept. 7 race. A later scratch was Gay Troubadour, rank outsider not quoted in the bookies' call-over odds.

Lincoln High Issues Invitation To Youth Groups To Attend Sports Events Free This Fall, Winter

Members of organized youth groups in Lincoln will be admitted free to one football game and one basketball game of Lincoln High.

The invitation to such groups as the Boy Scouts, YMCA, Girl Scouts, YWCA, 4-H, City Recreation and church organizations is the plan of the LHS Athletic Board.

To obtain free admission for a group, the leader must apply at the high school office several days before the game his group wishes to attend. He should know the approximate size of the attending organization.

The Lincoln High schedule for which free admissions will be permitted:

FOOTBALL—Sept. 9, Omaha Central;

30—Grand Island; Oct. 28—Omaha Tech;

16—North Platte; 23—Sioux City Central;

BASKETBALL—Dec. 3—Scottsbluff;

17—Omaha Central; Jan. 20—Boys Town;

21—Beatrice; 28, Sidney; Feb. 24, McCook.

Back To New Post

NEW YORK (AP)—Joe Bach, coach of the Pittsburgh Steelers of the National Football League for the past three seasons, signed as line coach for the Columbia University eleven. Lou Little, head coach at Columbia, said practice would start on Sept. 1 at Lake-side, Conn.

Grid Series Signed

WASHINGTON (AP)—George Washington University and the new U.S. Air Force Academy have agreed on a home-and-home football series to start in 1957. A similar exchange of basketball games between the two schools also is being arranged.

University Hospital Patient Figure Up 11 Per Cent

Clinical Services Also Rise

OMAHA — Last year the average patient at University Hospital had 22 medical and other health workers serving him daily at the cost to the hospital of \$19.00 a day.

This well-balanced medical team provided intensive care which resulted in the average length of stay for each patient being reduced by a little more than one day.

This cut down on the patient's stay away from home and job and allowed University Hospital to serve more patients throughout the state. During the 1954-55 fiscal year 4,351 patients were admitted to the hospital as compared to 4,065 in the year preceding. This is an increase of 286 patients seen, or approximately 11 per cent.

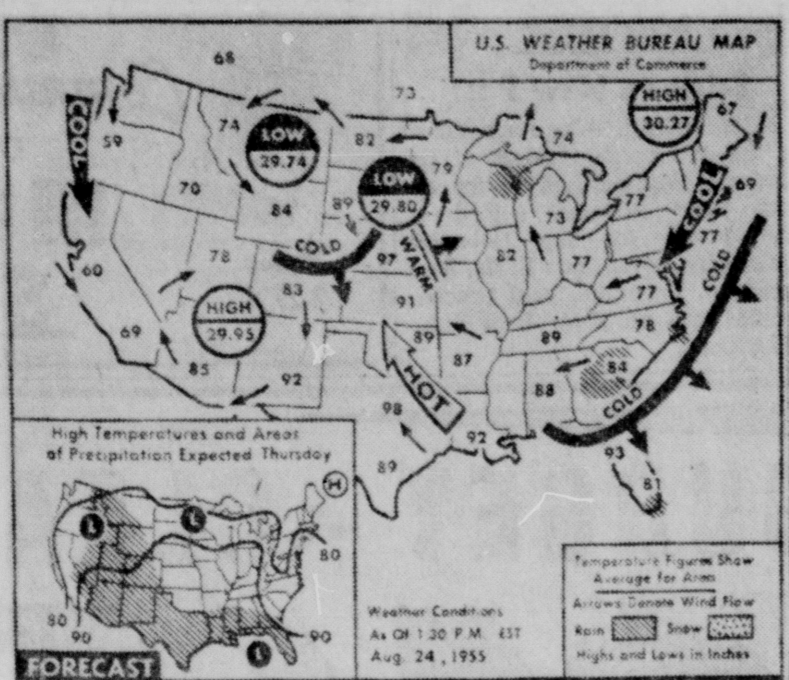

University Hospital was able to keep costs down because all beds are arranged in wards of 20 each and because they were able to make large joint purchases with the University in Lincoln.

23 Per Cent Hike

The University Outpatient Clinics experienced an even greater increase in services. During the past year there were 32,259 visits to the clinics as compared to 26,209 the year before. This represents an increase of approximately 23 per cent.

Other services have increased proportionately. Only 1,534 electrocardiograms were given at the hospital the preceding year as compared to 2,567 this past year an increase of about 59 per cent. Electroencephalograms, brain wave charts, increased almost 700 per cent since 1947 were given last year as compared to 65 the year before. Last year 122,944 procedures were completed in the hospital laboratories, . . . an increase of approximately 8 per cent over the previous figure of 112,645.

Though University Hospital increased the number of patients it cared for, many had to wait for beds to become available. In addition, there were others who had to be turned away due to the limited number of beds.

Fair Weather Will Continue

Partly cloudy skies with widely scattered showers and thunderstorms are forecast Thursday for the Gulf Coast states west to Texas, in most of the western Great Lakes region, Rocky

Mountain states and in the far southwest. The remainder of the nation will have fair weather and warmer conditions will be noted in most of the northeastern states. (AP Wirephoto Map).

Freshmen At Doane Will Begin Orientation Activities Sept. 6

Lincoln Star Special

CRETE, Neb. — Freshmen students entering Doane College will arrive on campus on Tuesday, Sept. 6, for a week of orientation activities.

Willard Gammel, director of admissions, has estimated that 160 freshmen and other new students will report for the get-acquainted sessions.

New students and their parents will meet the faculty and become acquainted at traditional teas at the dormitories. A convocation Tuesday night for all freshmen in Lee Memorial Chapel will officially open the freshman week program. At this time President Donald M. Typer will speak.

The next days following will be filled with a scheduled battery of examinations, pre-registration meetings with advisors, picture taking and activity try-outs, and the registration of students on Thursday afternoon.

Recreational and social highlights of the week include a talent night, picnics, entertainment by a guest artist, the president's reception for all students and faculty on Sept. 10, followed by the first all-school dance of the year. Sunday morning will be devoted to church activities and the noon dinner for students and faculty. In the evening the first of the tra-

ditional weekly Sunday vespers services is scheduled in the Cassel Open Air Theater.

On Sept. 8 Doane upperclassmen return to register on Friday, Sept. 9, and will join in week-end activities on the campus.

Following an all-school opening convocation on Monday morning, Sept. 12, at which time President D. M. Typer will be principal speaker, class sessions will begin.

Farmer At Hebron Dies Unexpectedly

HEBRON, Neb. — Carl Richards, farmer living near Hebron dropped dead while chasing some cows which had escaped from pasture. A heart attack was blamed for his death.

A passing motorist saw Richards collapse and rushed to his aid.

Rep. Harrison Attends Celebration At DeWitt

DEWITT, Neb. — Congressman and Mrs. R. D. Harrison of Norfolk were in DeWitt where Rep. Harrison gave a talk at the 25th anniversary of the start of softball here.

While Congressman Harrison was superintendent of schools at DeWitt he introduced softball to the community.

Loup City Youths Crowned Sherman 4-H King, Queen

Lincoln Star Special

LOUP CITY, Neb. — Sherman County's 4-H king and queen, George Wanschke, son of Mr. and Mrs. Joe Wanschke, and Dee Anna Porter, daughter of Mr. and Mrs. Roy Porter, both of Loup City, were crowned before the final evening's performance of the Sherman County Fair.

They were selected by the clubs of the county from a group of candidates nominated by the 4-H members. Other candidates were Viola Koker, Dean Goff, Joan Janulewicz, Allen Havlik, Marianne Lockhorn, Larry Larchick, Norma Heil and Shirley Schmaljohn. The winners were presented by Harry Knecht, President of the Fair Board. Performing the coronation honors was Miss Dixie Jacobs, last year's Queen.

Miss Porter has been in 4-H work eight years and completed eleven projects. Wanschke has been in club work seven years and completed eight projects.

Council Seeking Advice In Speed Limit For Hastings

HASTINGS, Neb. — The City Council has requested the services of the Nebraska Department of Roads and Irrigation traffic engineering section in conducting studies to determine a system of reasonable and proper speed limits on highways within Hastings.

Hastings currently has speed limits of 25 miles per hour throughout the city and 20 miles in the business district. The areas in question include Highway 6 on east South St., south Elm, and Second St., where it is the city route, and Highway 281 on Burlington Ave.

Court Orders New Trial For Dr. C. W. Neill

OMAHA — The United States Court of Appeals, Eighth Circuit has reversed the decision against Dr. Charles W. Neill, South Sioux City, Neb., physician found guilty of 11 counts of illegally issuing narcotic prescriptions.

The appeals court ordered the case re-heard on the premise that Dr. Neill "did not have a fair trial."

Defense attorneys Warren Schremp and David Lathrop asked for the new trial after Dr. Neill was sentenced last July by Federal District Judge John W. Delehant.

The Circuit Court ruled that government attorneys were allowed to introduce evidence combatting allegations of entrapment by the defense when defense attorneys did not raise the issue of entrapment.

Schremp said he and the U.S. Attorney's office in Omaha received word of the Circuit Court's decision from St. Louis Wednesday. A spokesman for the U.S. Attorney's office said no date for the new trial has been set but added that it probably won't be until the new jury session in September or October.

Couple From Mead Will Fly To Sweden

MEAD, Neb. — Mr. and Mrs. Raymond Nygren of Mead plan to leave Omaha by plane Friday for New York from where they will fly to Gothenburg, Sweden.

The couple will visit relatives of their parents, the late Mr. and Mrs. John Nygren. They will be gone a month.

Ex-Convict With Foot Wound Found

OMAHA — Paul Richard Small, 35-year-old ex-convict was picked up by police Wednesday in a hotel room where he was attempting to doctor a fresh bullet wound in the foot with iodine.

Small was wounded by detectives, who had sought to question him regarding recent burglaries and robberies in the Omaha area. He fled officers and they fired at his car.

Detective Inspector Ernest Brown said Small had a long record of various offenses and had been released from the State Penitentiary July 24. His record, Brown said, included a prison escape.

Small was booked on an open charge after he was hospitalized briefly for removal of the bullet.

Brown said Small denied knowledge of any crimes since his release from prison. He also denied hearing the detective-given order to halt.

Youngster At Omaha Hospitalized With Polio

Lincoln Star Special

OSCEOLA, Neb. — Craig Kindred, six-year-old son of Mr. and Mrs. Robert Kindred of Omaha and grandson of Mr. and Mrs. Robert Sigler of Osceola, is ill with bulbar polio in an Omaha hospital.

Fireman At Omaha Overcome By Heat

OMAHA — William Chapman, 32, Omaha fireman, was overcome by heat and smoke Wednesday afternoon while fighting a dump blaze.

'Tough But Friendly' To Be West Watchword At October Talks

WASHINGTON (AP) — Secretary of State Dulles has ordered one of his most trusted lieutenants to fly to Europe Sunday for Allied conferences on creation of a tough but friendly Western approach to new negotiations with Russia in October.

The general line of United States

Cloud Seeding Funds Raised

COLUMBUS, Neb. (AP) — Platte County has raised about \$5,000 toward a \$12,000 goal as its part in financing a three-county cloud seeding program.

A series of meetings is being held in various parts of the county to acquaint farmers and businessmen with the project, undertaken by the Cornhusker Weather Modification Assn.

Platte is joining with Boone and Nance Counties in the attempt to secure funds to finance the cloud seeding project, which would be carried out by the Water Resources Development Corp. of Denver.

Cost of the program, to run until October of this year and from April to October in 1956, would run from \$25,000 to \$27,000.

The Water Resources Development Corp. estimated it could start operations "within about seven days" after a contract has been drawn.

New Courthouse To Have Mural Of Pioneer Life

WEST POINT, Neb. (AP) — Work has begun on a 25-by-8-foot mural of pioneer life in Cuming County, which will grace a wall in the District Court room of the new Cuming County Courthouse.

Frank J. Zimmerer, native of Nebraska City and now a resident of Los Angeles, is the artist doing the work. Many buildings in Nebraska City, including the Courthouse, show murals by Zimmerer.

The West Point Women's Club is financing the project.

The mural will show the Elkhorn River with hills beyond the broad valley. There is a pioneer soddy, newly broken meadow land, and in the distance a small caravan of covered wagons.

5 Scout Officials To National Meet

Five staff members of the Cornhusker Council of the Boy Scouts of America leave next Wednesday for the University of Michigan at Ann Arbor to attend the Tenth National Training Conference of Boy Scout Executives.

W. G. Fulton of Lincoln, Scout executive, said plans will be made at the conference to put into effect a new Boy Scout program. The four-year program will start Jan. 1, 1956, with the theme of "Onward for God and My Country."

Attending the week-long conference which starts Sept. 2 will be Fulton, Joe J. Eckstein, administrative assistant, Lincoln; E. O. Brezina, district executive, Lincoln; Darrell Jackson, district executive, York; Don G. Olson, district executive, Nebraska City.

Speakers will include Harold E. Stassen, Special assistant to the President; Congressman Walter H. Judd of Minneapolis, Minn.; John M. Schiff of Oyster Bay, N.Y., president of the Boy Scouts of America; Col. John Skinner of London, honorary president of the Boy Scouts' International Committee.

policy for the Big Four foreign ministers conference which will begin at Geneva Oct. 27 was made clear by President Eisenhower in a speech at Philadelphia Tuesday. Eisenhower said that in a search for world peace "we must be firm but friendly."

Leaves Sunday

Shortly before the President's speech to the American Bar Assn., the State Department announced that Livingston T. Merchant, assistant Secretary of State will leave for Europe Sunday. He will visit Paris, Bonn and London to

confer with French, German and British officials on the development of coordinated Western policies for the October meeting.

Press officer Lincoln White said Secretary of State Dulles, British Foreign Secretary Macmillan and French Foreign Minister Pinay presumably will meet prior to their session with Soviet Foreign Minister Molotov at Geneva.

Africa, Adenauer

Diplomatic experts noted that his flying trip will give Merchant an opportunity to confer on two

situations more urgent now than the October conference. These are:

1. The North African riots against the French. The U.S. government is deeply concerned over the situation because of its upsetting effect on France, a key ally in Europe, as well as the dangers it creates for strategic positions in North Africa itself. The United States has five bases in Morocco.
2. The visit of Chancellor Konrad Adenauer to Moscow next month. Merchant's visit to Bonn will make possible a high-level coordination of American-West Ger-

man ideas in advance of Adenauer's talks with Premier Bulganin at Moscow. The Russians are believed to be maneuvering to stall German rearmament in the Western Alliance.

In his Philadelphia speech, the President spelled out three positions which he said this country definitely will stand on.

Those are the unification of Germany, freedom of Communist satellite countries from Red domination, and elimination of international Communism as an "international political machine."

Man Dies In Freak Mishap

LUSHTON, Neb. (AP)—William P. Siebert, 52, Lushton, was crushed

to death Wednesday morning in a freak accident at the farm home of his brother, Albert, northwest of here.

Siebert was believed to have started the tractor to find it in reverse. He went to the rear of the vehicle to shut it off and was crushed between the wagon and tractor.

Survivors include his widow, Marie, and six daughters.

Despite Impasse, U.S. Still Hopes Reds Will Free 40

WASHINGTON (AP)—Chinese Ambassador Wang Pingnan. American officials are still hopeful, despite an apparent deadlock, that Red China will agree to release about 40 American civilians held inside China.

These officials say a break might come shortly in the Geneva talks between U.S. Ambassador U. Alexis Johnson and Red

Americans can be "easily settled."

Patience is the watchword, just as it was in the long and successful wait for Peiping's freeing of 15 U.S. airmen.

No Opinion Drive

Unlike that case, no attempt is now being made to arouse world opinion against the Red Chinese.

Because of this policy, based on belief that Red China will free the civilians if a graceful way can be found to do it, the department seemed unhappy Wednesday about a report that India had been asked by the U.S. government to "lend a helping hand." This assistance, according to reports from New Delhi, would involve repatriation of Chinese students in the United States, providing an agree-

ment could be reached at Geneva. Department officials said privately no such request had been made.

Ready To Fill Gap

India has denied any ambition to act as mediator.

However, the Indians stand by to fill the gap in U.S. nonrecognition of the Peiping regime. They could, for example, act as a clearing house for funds Red China might send to any Chinese students who want to leave the United States but can't afford to pay for their passage.

Secretary of State Dulles has said these Chinese have no legal restraints on them, as far as leaving the country goes. But he concedes a few might lack the necessary cash.

24 Pass State CPA Exams

The State Examining Board reported Wednesday 24 applicants passed the recent examinations entitling them to be certified public accountants.

Copter Rescues 2 Men In Water Near Falls' Edge

NIAGARA FALLS, N. Y. (AP)—A Navy helicopter Wednesday rescued two men who were stranded on rocks in the raging rapids about 175 yards above Niagara Falls.

The men were clinging to a rock.

Neither appeared injured. They waved gaily to throngs of spectators on the shore of the Niagara River and on Goat Island.

The two men were identified as Howard Booz, 29, his brother, Fonzy, 38, of Niagara Falls. They were hospitalized for treatment of shock.

State Park Police said the men apparently had been riding in a small boat that was swept by the current of the Niagara River into the rapids.

Dog Barks Net Man Fine Of \$10

One Lincolnite is convinced these are "dog days."

And it isn't from the heat.

Gordon Collins Sr., 4927 Leighton, was fined \$10 and costs in Municipal Court for keeping dogs that bothered the neighbors by barking and howling.

Collins denied the charge, but five witnesses dog-trotted into court and said otherwise.

Dislike For Girls In Shorts Lands Omahan In Jail

OMAHA (AP)—A 55-year-old man's rebellion against women in shorts landed him in jail Wednesday.

Municipal Judge James O'Brien gave Earl L. Davis, Omaha, 30 days in jail for vagrancy, fined him \$10 and costs for drunkenness and another \$10 and costs for disturbing the peace.

Davis was picked up after a 15-year-old girl became terrified when she said she saw Davis standing in bushes near her home wearing his underwear.

Detective Inspector Ernest Brown said arresting officers quoted Davis as saying that "girls wearing shorts aggravated him. If the girls in the neighborhood could wear shorts, so could he."

"Where Friendly Service Makes Food Shopping a Pleasure!"

Grain Ban Raised On Red China

LONDON (AP) — Communist authorities in food-poor China Wednesday night ordered grain rationed to the nation's 100 million urban population.

The State Council issued this order along with new measures designed to pry larger grain deliveries out of the peasants and move the available food to the cities and towns.

A Peiping Radio broadcast told the council's decisions were designed to "ensure fair distribution" to the residents of teeming cities, industrial centers and small towns. The rationing system will become operative in all municipal areas before the end of November.

The broadcast, as recorded in London, said the amount of grain each person would receive would vary according to age, type of work and grain eating habits in various parts of the country.

In areas where wheat flour is distributed as the staple food the monthly distribution will run this way, the broadcast said:

Workers on light physical labor will get an average of 35 catties; those on heavy labor 44; office workers, teachers and shop assistants 31; university and secondary high school students 35 and "residents in general" 27.5.

The catty is a weight measure used in the Orient. In China it is about one and a third pounds.

According to the broadcast, a farmer with a surplus will have "between 80 and 90 per cent of the surplus bought by the state at a fair price" and will be allowed to keep the rest.

China periodically is plagued by food shortages and sometimes by famines. This was true under the old empire, the republic and now under the Communists.

Governor Given Portrait

A. J. Prenosil of 4432 So. 49th presents Gov. Victor Anderson with an 18 by 24 inch oil portrait he painted of the governor. Prenosil, who studied in Europe for six years, has been a professional artist for 44 years. He has done several Biblical murals.

Two Cozad Youths In Lexington Jail

LEXINGTON, Neb. (AP) — Two Cozad youths were held in the county jail here Wednesday night on charges of car theft and breaking and entering. They were Rodrick Benise, 17, and Roger Palngren, 15.

County officials said the youths admitted stealing two cars in Cozad Tuesday night and breaking into eight Lexington business firms. They were arrested by Gothenburg police as they headed west. The youths were quoted as saying they stole the first car to drive to Lexington, then drove back and stole the other after entering the Lexington business firms.

SAC Competition Crew

Members of one of the three crews from the Lincoln Air Force Base taking part in the Strategic Air Command's annual Bombing and Navigation competition check their information before taking off on a mission. They are (left to right) Capt. J. R. Pannel, aircraft commander; Capt. Paul T. Luttrell, co-pilot; and Lt. Edward C. Dewey, observer, all of the 345th Bomb Squadron.

Three LAFB Crews Are Active In California Bombing Mission

Three crews from the Lincoln Air Force Base are taking part in the Strategic Air Command's annual five-day Bombing and Navigation Competition.

Aircraft entered from the LAFB are all-jeet B-47 medium bombers. They will take off and land at Fairchild AFB, Wash. Also entered are B-36 Peacemakers, which will stage their missions from March AFB, Riverside, Calif.

The winning crew receives the Muir S. Fairchild trophy. Points are given for bombing and navigation scores.

Crew 68 of the 345th Bomb Squadron from the LAFB is composed of Lt. Donald F. Risinger, co-pilot; Capt. Paul Peto Jr., aircraft commander; and Lt. William L. Polhemus, observer.

Members of crew 69, also of the 345th, are Capt. J. R. Pannel, aircraft commander; Capt. Paul T. Luttrell, co-pilot; and Lt. Edward C. Dewey, observer.

Alternate unit entered is R-05 of the 343rd Bomb Squadron. Crew members are Capt. Paul A. Howerton, aircraft commander; Lt. Robert M. Knodel, co-pilot; and Capt. Samuel D. Wareham Jr., observer.

Competitors will fly three 3,000 mile contest missions. The "bombing" will be done through the use of radar signals. Aircraft will emit signals which will be picked up and recorded by ground teams.

The proposed ban on "drive-up" sales drew only one protest.

The rule outlining beer-container sizes drew more attention at the hearing.

Present rules provide for containers with 12, 24, 32 and 64 ounces.

Breweries in some parts of the country have gone to other sizes such as 8 and 16 ounces and urged inclusion of the different sizes in the regulation.

The commission delayed its decision on the proposed rules revisions until a transcript of the hearing is available.

Buses Must Charge

Attorney General C. S. Beck in an opinion given F. B. Decker, Commissioner of education, held that school districts owning and operating school buses must charge non-resident students going to the school for transportation.

59 State Patrol Applicants Begin 5-Week Training

Fifty-nine applicants for State Safety Patrol positions have begun a five-week training program at the Nebraska State Guard Camp at Ashland.

The top 33 class members will be assigned on a six-month probationary period beginning Oct. 1, a Safety Patrol spokesman said.

There are nine vacancies in the present force, he explained, plus the 24 places created when the 1955 Legislature allowed an increase in the Patrol's budget.

The strength of the new force will be 161, allowing the operation of 155 Patrol units in the state. Col. C. J. Sanders of the Patrol said.

State Citizens Council Gives Taxes Report

... Where Hike Goes

The Nebraska Citizens Council, Inc., has just completed a 40-page report telling the taxpayer how the \$40 million in increased taxes is to be spent. In addition it summarizes new laws as well as defeated bills.

The report was prepared under the direction of Robert M. Armstrong, executive director and former state tax commissioner.

The report estimates that of the \$237,500,000 appropriated for state spending 88.5 per cent comes from new funds and 11.5 per cent from balances on hand.

The analysis shows that roads, education, mental care and old age and disability benefits account for most of the increased spending. Appropriations from cash and federal funds each are up 13 per cent or an estimated total of \$26 million.

State and local taxes have increased 9 per cent the Council reports. This is the average of the first 35 counties reporting taxes levied.

County taxes showed the largest increase 22.6 per cent, state 14.5 per cent, schools 10.7 per cent and cities 1.7 per cent.

Among the larger cities reporting tax increases were: Hastings 20.4 per cent, Central City 17.8, West Point 12.1, Fremont 3.3, Omaha 8.6, Nebraska City 7.6, Seward 12.1, York 8.3, Beatrice 5.8 per cent.

One-fourth of the 59 cities reporting showed decreases in tax askings but all were of the smaller population class.

Alternate unit entered is R-05 of the 343rd Bomb Squadron. Crew members are Capt. Paul A. Howerton, aircraft commander; Lt. Robert M. Knodel, co-pilot; and Capt. Samuel D. Wareham Jr., observer.

Competitors will fly three 3,000 mile contest missions. The "bombing" will be done through the use of radar signals. Aircraft will emit signals which will be picked up and recorded by ground teams.

The proposed ban on "drive-up" sales drew only one protest.

The rule outlining beer-container sizes drew more attention at the hearing.

Present rules provide for containers with 12, 24, 32 and 64 ounces.

Breweries in some parts of the country have gone to other sizes such as 8 and 16 ounces and urged inclusion of the different sizes in the regulation.

The commission delayed its decision on the proposed rules revisions until a transcript of the hearing is available.

Attorney General C. S. Beck in an opinion given F. B. Decker, Commissioner of education, held that school districts owning and operating school buses must charge non-resident students going to the school for transportation.

MacARTHUR URGED TROOP USE IN 1950

... Writes His Aide

NEW YORK (AP) — Gen. Douglas MacArthur advised President Harry S. Truman to send American ground forces into Korea to stop the Communist aggression in 1950, the general's wartime aide and confidant says.

In the third installment of his Magazine, Maj. Gen. Courtney biography of MacArthur in Life Whitney (Ret.) writes that the general made his recommendation after a personal tour of the front.

Defenses Crumbling

South Korean defenses were crumbling before the North Korean onslaught. The U. S. Air Force and Navy had been sent into action, but no ground troops, MacArthur cabled Truman:

"The only assurance for holding the present line and the ability to regain later the lost ground is through the introduction of United States ground combat forces into the Korean battle area. To continue to utilize the forces of our Air and Navy without an effective ground element cannot be decisive."

Basis For Decision

Whitney writes, "Thus MacArthur made the recommendation upon which President Truman based his decision to commit ground troops in Korea."

Truman later dismissed MacArthur from his command in an episode still bitterly discussed by partisans of both men.

Own Obituary

LOS ANGELES (INS) — James Smart, a 19-year-old youth who died Wednesday in a traffic accident, was carrying his own obituary with him.

On his body, police found a printed card that read:

"Sing while you drive
"At 45 miles per hour, sing—
"Highways are happy ways."
"At 65 miles, sing—
"Nearer My God To Thee."
"At 85 miles, sing—
"Lord, I'm coming Home."

Police said the car in which Smart was riding was traveling 85 miles an hour when the crash occurred.

HORROR ACTOR BELA LUGOSI TAKES BRIDE OF 40; HE'S 73

HOLLYWOOD (AP)—Bela Lugosi, the 73-year-old horror-movie actor, was married Wednesday night to the film studio worker who wrote him daily letters while he was a state hospital patient for treatment of drug addiction.

The bride is Hope Lininger Lugosi, 40, a fan of Lugosi's since her girlhood in Johnstown, Pa. The ceremony was performed by the Rev. Manuel Hall at his home.

The marriage was her first, Lugosi's fifth. They plan a honeymoon in New York.

20-Year Habit

Lugosi was released last Aug. 5 from Metropolitan State Hospital in Norwalk, Calif., to which he

was sent three months earlier at his own request. He said he "licked a habit of 20 years."

Lugosi said Miss Lininger sent him letters every day at the hospital and signed them "just a dash of hope." The actor said he located the woman from a return address on one of the envelopes.

The Hungarian-born actor has been twice widowed and twice divorced. His fourth wife, former actress Lillian Arch Lugosi, 43, divorced him two years ago.

Mill Explosion Shakes Up Bus

LEXINGTON (AP)—An alfalfa mill explosion here Wednesday broke some windows and shook up the passengers in a passing-by bus.

But police reported damage was not extensive to the mill, bus or passengers.

The explosion occurred when an employee at the mill attempted to relight a burner that had gone out, police said. There was no fire as a result of the explosion. The employee, Leo Marick, suffered burns on his arms and legs but was not hospitalized.

Freed Slave Dies; Was An Omahan

OMAHA (AP) — Funeral services will be Thursday for Mrs. Adeline Timberlake, an Omaha Negro woman born into slavery more than 100 years ago.

Mrs. Timberlake, about 101, was born in 1854 in Lexington, Tenn., 10 years before President Abraham Lincoln freed the slaves. She had lived in Omaha since 1939.

Police said the car in which Smart was riding was traveling 85 miles an hour when the crash occurred.

The 1956 MOTOROLA TV's are here

Right Up Front Tuning
GIANT ALLOWANCE now for your old set on new

Look at this beauty—and watch it as long as you like—for it's Eye-Conditioned TV. Far more restful and more natural picture with more black-to-white shades than any other TV. New Motorola Power Panel inside. New Right-Up-Front Tuning. New authentic wood-grain Mahogany or Blond.

21T26.....\$179.95

MOTOROLA EYE-CONDITIONED TV
A wide selection of MOTOROLA TV models
\$229.95
Fine new table models, splendid new consoles (17" to 24" screen) in many styles and finishes, with Right-Up-Front Tuning. Full-year warranty on picture tube. (Incl. Fed. Tax.)

Stock Prices Up; Two Million Sales

NEW YORK (AP)—Sales on the stock market emerged above the two-million mark Wednesday and prices were up for the second straight session.

The volume of 2,140,000 shares was the best since Aug. 9 and the trading was most active while gains were being made.

As some of the best gains were sliced later in the day trading fell off, a pattern that market observers feel is all to the good.

The Associated Press average of 60 stocks edged up 40 cents to \$173.50. The industrial rose 11.20, rails were down 40 cents and utilities were unchanged.

Once again, most of the advances centered around the blue chips. Favorable dividend news gave lift to some stocks.

On the American Stock Exchange prices were irregular. Sales totaled 510,000 shares compared with 570,000 Tuesday.

County Grand Jury Would Have Almost Unlimited Powers

Should a Lancaster County grand jury be called to investigate the Penitentiary situation, its powers would be practically unlimited.

Under Nebraska law, a grand jury is required to investigate "all offenses whatever committed in the limits of the county."

This would mean that all criminal matters, ordinarily handled by the county attorney would have to go through the grand jury on an indictment basis while the jury is sitting.

If a grand jury is requested by the petition method, the District

has no recourse under law but to start impaneling proceedings.

Panel Of 40

A grand jury panel of 40 would be summoned, of which 16 are selected as jurors and three as alternates for the hearings.

The panel of 40 would be drawn by the jury commissioner from the grand jury list determined by a "key number" which the election commissioner is required by the court to use in drawing the names from poll lists in the county.

The selection of the 16 jurors

and three alternates is made by the presiding District Court judge, the court clerk, jury commissioner, and another person appointed by the presiding judge.

County Attorney Prosecutor

The county attorney would act as prosecutor for the grand jury unless county matters became involved. Then a special prosecutor

would be appointed by the governor.

Grand jury sessions are secret with only jury members, the prosecutor, the presiding judge, and the witness present. Anyone may be subpoenaed.

A court reporter may be used at hearings upon the election by a majority of the jurors.

When the grand jury believes its work is done, it makes a report to the district court.

May Give 'Clean Slate'

It may indict persons for alleged criminal activity or it may return a "clean slate." At least 12 jurors must concur in the indictments returned.

The jury may also make recommendations even where it returns no indictments.

Douglas County called a grand jury in June, 1954. The jury was in session "for three months" and cost an estimated \$10,000, according to a deputy clerk of that court.

The Douglas County jury criticized the "emergency" construction declared by the Omaha Public Power District, but returned no indictments.

Barneston Youth Dies Under Tractor

BARNESTON, Neb. (P) — Leslie Wegner, 16, Barneston, was found dead Wednesday pinned beneath his overturned tractor in a farm pond about two miles west of here.

Gage County Deputy Sheriff Fred Steinkamp said young Wegner left his farm home early to mow weeds in the area of the pond on his father's farm.

It appeared, Steinkamp said, that the tractor hit a low place in a dam and tumbled into the pond, pinning the youth beneath it.

The youth's father, John, went out to search for Leslie when he did not return home and found the body. It was believed he had been dead about an hour.

It appeared, Steinkamp said, that the tractor hit a low place in a dam and tumbled into the pond, pinning the youth beneath it.

The youth's father, John, went out to search for Leslie when he did not return home and found the body. It was believed he had been dead about an hour.

Ice Classics Here

Red McCarthy, whirling dervish of the Hollywood Ice Classics being presented at the Italian Village this week, stands, in his "Chinese God" costume, behind other members of the cast.

The show will run through Saturday night, with two shows presented nightly and three on Saturday.

Motor Vehicles, Livestock Assessments Show Decline

Motor vehicles, grain and livestock showed decreases this year in a comparison of 1954 and 1955 assessment figures released Wednesday by the State Tax Commissioner's office.

The motor vehicle figure declined from \$182,541,793 to \$150,380,740.

The motor vehicle figure declined from \$182,541,793 to \$150,380,740.

Grain declined from \$85,413,893 to \$69,533,457.

Cattle were down from \$173,439,729 to \$166,348,123 and hogs were down from \$17,619,424 to \$12,206,157.

tractors, rose from \$55,416,741 to \$63,414,364.

The household goods figure rose from \$40,814,854 to \$44,115,363.

The 50 per cent figure for all classes of property combined was \$3,046,455,220 this year, compared to \$3,040,440,004 in 1954.

The railroad figure was up this year from \$142,531,705 to \$147,554,845.

Minerals, oil and gas rose from \$9,220,647 to \$13,108,121.

The pipeline figure was up from \$20,649,361 to \$22,747,839.

Other items showing an increase and the amount of the increase:

Horses and mules, \$467,448; seeds, \$413,788; feeds, \$133,777; improvements on leased land, \$1,885,011; Light and power facilities, \$175,246; Franchises, \$206,273; Telephone, telegraph and express companies, \$1,474,956.

Dogs, fur-bearing animals, bees, sheep, poultry and business schedules showed decreases.

Town Lots Improved

But town lots and improvements, backed by farm-lands and improvements, farm machinery and tractors and utilities showed sufficient gain to make a net increase for all classes of property combined.

All figures given are those used for tax purposes, 50 per cent of actual value.

The figure for town lots and improvements was up from \$870,972,576 to \$835,374,776.

The farm land figure was up from \$1,195,539,336 to \$1,201,915,450.

Tractors were up from \$33,252,553 to \$38,916,782.

Farm machinery, exclusive of

Russians Hear Red Ag Leader On 'Voice' Of U.S.

WASHINGTON (P) — Vladimir Matskevich, who led the Russian farm, tour of the United States, made an historical broadcast to Russia Wednesday over the U. S. government's Voice of America.

He told his people that the Russian delegation had received "a friendly and hospitable welcome" and had seen "useful things that may be applied in the state and collective farms of the Soviet Union."

The statement was broadcast during the government radio's regular Russian-language service beamed to the Soviet Union.

Officials of the U. S. Information Agency, which released the text, said a close check would be kept to see whether the broadcast is jammed by Soviet stations.

The Russians have been jamming Voice of America programs in an effort to keep the Soviet people from listening to them. The jamming is reported to have caused serious interference, but broadcasts have gotten through.

Matskevich is first deputy minister of agriculture of the Soviet Union. Information agency officials said his broadcast was the first by a Soviet official over their facilities.

Surprise For Ike

PHILADELPHIA (INS) — President Eisenhower got a surprise kiss Wednesday in Independence Hall Square here.

An attractively dressed woman in her thirties leaned over a rope barrier to shake the President's hand as he strode down a narrow aisle prior to addressing the American Bar Association.

As Mr. Eisenhower shook her hand, the woman suddenly kissed him. The President broke into a broad grin and the flustered woman dashed away.

World Hears
WASHINGTON (P) — President Eisenhower's speech to the American Bar Assn. in Philadelphia Wednesday was broadcast by the Voice of America to all parts of the world.

The U. S. Information Agency said the President's voice was broadcast simultaneously with delivery of the speech to Europe and Latin America. Excerpts in the President's voice were beamed to the Middle East and the Far East at the peak listening hours in those areas.

U.S. May Drop Fingerprint Rule
WASHINGTON (P) — The United States would drop its requirement that nonofficial foreign visitors be fingerprinted, under a plan being drafted in the State and Justice Departments.

Backers of the plan seem confident that President Eisenhower will approve the idea of asking Congress to repeal the requirement.

Last spring Russian objections to fingerprinting led to the cancellation of a proposed visit to the

Nagging Backache Sleepless Nights
Nagging backache, headache, or muscular aches and pains may come on with over-exercising, emotional upsets or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer from mild bladder irritation...with that restless, uncomfortable feeling. If you are miserable and worn out because of these nagging aches, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys—tending to increase the output of the 15 miles of kidney tubes. So if nagging backache makes you feel dragged-out, miserable...with restless sleepless nights...don't wait...try Doan's Pills. You get the same happy relief millions have enjoyed for over 60 years. Get Doan's Pills today!
